

YOUNG WOMAN ARRESTED ON A VERY GRAVE CHARGE

Miss Nell Jones Accused of Enticing Miss Sarah Turner to Go to Wheeling.

ENTERS A STRONG PLEA OF NOT GUILTY

Charged with a very serious offense, Miss Nell Jones, aged 20, who moved to the city about two years ago from down about Steubenville, was arrested at 2 o'clock this morning by Officers Clifford Dawson and Hugh McDermott as she was enjoying a dish of chop suey in the Chinese restaurant, Diamond alley. The girl was lodged in jail and late this afternoon or evening she will answer to the allegation that she enticed Miss Sarah Turner to a disreputable house.

Robert Turner, father of Sarah Turner, had the warrant issued for the arrest of Miss Jones. Sarah states that the Jones woman induced her to go to Wheeling, where they met two men and then succeeded in getting her to go with them to a house in Wheeling. Sarah was arrested in Wheeling Tuesday night and returned to this city yesterday morning by Officer Dawson. Miss Jones denies the allegation and says that Sarah went unsolicited. She says that she tried to get her to return home, but Sarah said she loved the man she was with and would not leave him.

When before the mayor this morning

Miss Jones did not seem to be worried in the least. She pleaded not guilty to the charge and said it would be up to the prosecution to prove that she was. In the court room she was accompanied by her lover, who was as defiant as she. He was gallant enough, but when it came to producing \$500 for his sweetheart's appearance for trial he was out of the ring. Miss Jones would have been arrested yesterday afternoon had not the officers hoped to catch her with her lover.

The penalty is heavy for the crime with which Miss Jones is charged. The minimum sentence is one year in the penitentiary and the maximum 20 years. The mayor gave the girl the opportunity of waiving a hearing before him, but she preferred to have him act instead of the court at Lisbon. An attorney will be employed to defend the girl and she will make a strenuous effort to prove her innocence. It is not known how strongly Miss Turner will testify. Much depends on her. Several witnesses have been subpoenaed for the prosecution, but none for the defense.

Kidwell has a wife in England, but when he came to America a number of years ago and sent money home for her to follow him, she wrote back that she would not come and cared nothing for him. She has since been living with another man, it is said. The foreman under whom Kidwell is employed in an East Liverpool pottery says he is a good workman and sent a request that the court be lenient with him.

The couple were taken to Canton today to serve 30 days' sentences in the workhouse.

MRS. EVANS ACTS AS STRANGELY AS EVER

Arrived in Town, Claiming to Be Looking After Her Children.

Mrs. Alice Evans, who was deserted by her husband a year or so ago, and left in destitute circumstances, together with her two small children, and whom the township trustees assisted by having the little ones cared for, arrived in the city the other night, acting as strangely as she used to when a resident of East Liverpool.

She has the conviction that her children are in the hands of local people and she wanted to find them. She applied at the home of Sanitary Policeman Burgess to stay all night, but was refused and where she went is not known. She came here from some little town in Pennsylvania.

THE CITY WANTS TO GET THE MONEY THAT IS DUE

Treasurer Horton Proposes to Go After a Share of County Bridge Fund.

Unless the county commissioners get busy right away and produce the money due the city as its part of the county bridge fund drastic measures will be adopted by City Treasurer Horton to compel them to do so. The time is long past when the money was due and the money must be forthcoming within the next 10 days or City Solicitor George E. Davidson will be asked to commence suit.

Treasurer Horton stated this afternoon that he had interviewed the county auditor a few days ago and he informed him that the commissioners had failed to act, but thought they would not delay giving a definite answer long. Why there has been so much delay Mr. Horton can explain in only one way. He says that according to the last report of the auditor there

is only a little over \$200 credited to the bridge fund and he believes the commissioners do not wish to acknowledge the alleged shortage.

"East Liverpool has over \$2,000 due it," said Mr. Horton, "and I propose to see that it is turned over. The excuse that the fund has been overdrawn will not go with me. It is not the fault of this city that the fund is depleted. The money is rightly ours, we need it and we are going to get it. I have instructed the solicitor of my intention and he will commence action at my bidding."

As is well known the city treasury is not in a flourishing condition. The \$2,000 or more will do considerable good at the present time, and Treasurer Horton will have the people with him in his action to obtain it.

TIMELY ASSISTANCE FOR HARRY HANCOCK

TRIED TO ROB THE MANAGER

Footpads Thought He Had the Receipts of the Show.

SIEZED HIM ON SIXTH ST.

East Liverpool is fast winning fame as the home of highway robbers and footpads. Last night one of the most daring holdups in the long list was attempted on one of the main thoroughfares of the city. Francis X. Hope, manager of the "Polly Primrose" company, which played at the Elks' benefit at the Grand last night, had an encounter with two thugs which will cause him to remember East Liverpool for a long time.

After the performance last night Mr. Hope made a settlement with the committee of arrangements of the Elks lodge and having a considerable sum of money as his share of the receipts, determined to go to his hotel before attending the social session given at the lodge rooms after the show. It was probably this precaution which saved the manager's life for the men were desperate looking crooks and capable of any act.

At the hotel Mr. Hope deposited the money in his possession, amounting to probably \$1,000, together with his watch, a diamond ring and other valuables in the safe. A little later he started for the Elks' home and it was while en route that he met with the adventure. He was proceeding along Sixth street and as he reached the Syndicate building two men stepped from a doorway and confronted him. Hope attempted to avoid the men, but they seized hold of him and demanded to know who he was. He replied that his name was Hope, and if they were bent on robbery it would do them no good.

A desperate struggle ensued in which Hope is certain his pockets were rifled, for as soon as it was found he had no money on him the robbers released their hold. Each ran in a different direction and soon disappeared.

It was some time before the frightened manager recovered from the shock and he hastened to the Elks' home, where his exciting experience was recounted, and the authorities notified. No trace of the highwaymen has been found.

Manager Gallimore has not yet sent an answer."

FONDER OF DOGS THAN OF HIS WIFE

Former Salem Man Put His Spouse Out of Bed and His Dog In.

St. Louis, March 17.—Divorce proceedings were begun Monday afternoon in the circuit court by Mrs. Mary McCosh, against her husband, Samuel A. McCosh. She says her husband came home intoxicated on many occasions and compelled her to get out of bed so that he and his favorite dog might slumber therein. They were married in St. Louis December 22, 1897, and their connubial bliss ended October 6, 1902.

The above is supposed to refer to Samuel McCosh, who was born and raised in Salem. He is well known and has relatives there.

RUMORS ARE RIFE ABOUT VACANCIES

Wholesale Resignations of City Officials Are Being Talked About.

ONE MAY MATERIALIZE

Rumors have been rife during the past few days to the effect that resignations by the wholesale will take place among the city officials months before the expiration of their terms. Though there may be some foundation for the reports, but one of them could be confirmed.

As stated in the News Review last week, Zed Smith, the councilman of the East End, will undoubtedly resign. He feels that by so doing he is only treating his constituency fairly. His health is very bad and he does not think it will be possible for him to be out for months. Providing he does send in his resignation, council at the next meeting will elect Robert Newell, who was nominated last Saturday for the position, to fill the unexpired term.

When the fact became known that Mr. Smith intended to give up his official life and that H. E. Moon was defeated for re-nomination for council in the third ward, the story was placed in circulation that the latter would also dismantle the councilmanic robe. Interviewed this morning, Mr. Moon denied the least intention of resigning. He has an extension of time from May until January owing to the passage of the Chapman bill and will not give up the position.

It was also reported that Mayor Weaver would tender his resignation at the end of his two years, but he will also continue to serve until his successor is duly elected by the people. To a reporter of the News Review, the mayor this morning expressed himself much like Governor Myron T. Herrick did when there was talk of his resigning to accept the senatorial gift. "It would not be treating the people right," explained the mayor. "I was elected by them, I naturally conclude because they wanted me to serve, and I could not conscientiously desert my constituents."

There are several others who may resign, but they would not make a definite statement to that effect today.

CAMP GROUND COTTAGES ENTERED AND ROBBED

Various Places Ransacked and Everything Worth Taking Carried Off by Thieves.

NO CLUE HAS YET BEEN DISCOVERED

Sneak thieves who have been operating in and about the city for the past few weeks, seem to have branched out recently, and unless the authorities capture them and put a stop to the wholesale robberies, no one in the community will have escaped loss of greater or less importance at their hands. The latest depredation is reported from Spring Grove campground, where the thieves operated only a few nights ago.

Though few people aside from cottage owners themselves might be aware of it, it is a fact that of the several score of people from East Liverpool and Wellsville who spend the summer at the grounds, many are accustomed to leaving a vast amount of property in the cottages during the winter months. As a rule the cottagers equip the buildings with household and kitchen furniture suitable for light housekeeping, and few take the trouble to remove the goods when returning to town at the end of the season.

The thieves must have been aware of these facts, since a raid was made at the camp ground a few nights ago, and household and other goods valued at several hundred dollars were

taken. It has been customary for the officers of the company to leave some one residing in the neighborhood in charge when the grounds were abandoned in the fall.

The rule was carried out last season, but the watchman was completely baffled in this instance, for it was more than a day after the robbery was committed, that he discovered the loss. Upon going through the grounds signs of several cottages having been entered was apparent from the outside. A thorough investigation was made and it was found that the summer homes of four well known people had been ransacked.

The buildings were those of Ed. Brookes, Rev. J. G. Reinartz and J. W. Patterson, of this city, and C. R. Arnold, of Wellsville, and everything of value that could be removed had been spirited away. As soon as it was positively known that a robbery had taken place, the matter was reported to the cottage owners, and by them to the authorities. The loss will amount to fully \$300, it is said, and not a single clue has been discovered that would lead to the identity of the thieves. The authorities are making an investigation.

ONE GAME WAS ENOUGH

Basket Ball Team Returns, Abandoning Series With Marietta.

The East Liverpool basket ball team reached home yesterday afternoon, having cancelled the remaining games at Marietta after the trouble Tuesday night. During that game the local team left the floor four times on account of rank decisions by the referee and finally refused to go on with the game in spite of the fact that they had a safe lead. The Marietta players are not well up in the rules of the game and became angered at Zang, who was one of the officials, in the second half, for calling fouls and the Marietta official retaliated. Powell was robbed of four goals within six minutes of play and Allison and Rigby also suffered.

The game has caused a complication among local people who had made bets on the result. No decision was rendered and in consequence there was no game and all bets should be declared off. Zang did not forfeit the game to Marietta, the team simply refusing to go on. In consequence it was neither a victory, defeat nor a game.

There will be no game this week, but Geneva will be here Tuesday night.

A GREAT VICTORY WON BY TEMPERANCE FOLK

Substitute for Brannock Bill Voted Down and the Original Measure Will Pass.

From a Staff Correspondent.

Columbus, March 17.—The temperance forces won a big victory in the house Wednesday afternoon when by a vote of 62 to 43 the substitute for the Brannock local option bill presented by the minority of the temperance committee was defeated.

This was the test vote on the measure. The reelection of the minority report carried with it the adoption of the majority report, which is the amended district local option bill.

The bill comes up for passage next Tuesday afternoon and will pass by a larger vote than that given in the

house Wednesday on the proposition to reject the report of the minority and adopt that of the majority.

Crist and Hill, of Columbiana, voted with the temperance forces.

Wednesday afternoon's vote showed the relative strength of the temperance and liquor forces, the temperance people having much the better of it.

It seems certain that the Brannock bill will be made a law. The senate is the only place where it can be knocked out now, but it is not likely it will encounter as much opposition there as it did in the house.

Various Places Ransacked and Everything Worth Taking Carried Off by Thieves.

NO CLUE HAS YET BEEN DISCOVERED

Sneak thieves who have been operating in and about the city for the past few weeks, seem to have branched out recently, and unless the authorities capture them and put a stop to the wholesale robberies, no one in the community will have escaped loss of greater or less importance at their hands. The latest depredation is reported from Spring Grove campground, where the thieves operated only a few nights ago.

Though few people aside from cottage owners themselves might be aware of it, it is a fact that of the several score of people from East Liverpool and Wellsville who spend the summer at the grounds, many are accustomed to leaving a vast amount of property in the cottages during the winter months. As a rule the cottagers equip the buildings with household and kitchen furniture suitable for light housekeeping, and few take the trouble to remove the goods when returning to town at the end of the season.

The thieves must have been aware of these facts, since a raid was made at the campground a few nights ago, and household and other goods valued at several hundred dollars were

taken. It has been customary for the officers of the company to leave some one residing in the neighborhood in charge when the grounds were abandoned in the fall.

The rule was carried out last season, but the watchman was completely baffled in this instance, for it was more than a day after the robbery was committed, that he discovered the loss. Upon going through the grounds signs of several cottages having been entered was apparent from the outside. A thorough investigation was made and it was found that the summer homes of four well known people had been ransacked.

The buildings were those of Ed. Brookes, Rev. J. G. Reinartz and J. W. Patterson, of this city, and C. R. Arnold, of Wellsville, and everything of value that could be removed had been spirited away. As soon as it was positively known that a robbery had taken place, the matter was reported to the cottage owners, and by them to the authorities. The loss will amount to fully \$300, it is said, and not a single clue has been discovered that would lead to the identity of the thieves. The authorities are making an investigation.

ONE GAME WAS ENOUGH

Basket Ball Team Returns, Abandoning Series With Marietta.

The East Liverpool basket ball team reached home yesterday afternoon, having cancelled the remaining games at Marietta after the trouble Tuesday night. During that game the local team left the floor four times on account of rank decisions by the referee and finally refused to go on with the game in spite of the fact that they had a safe lead. The Marietta players are not well up in the rules of the game and became angered at Zang, who was one of the officials, in the second half, for calling fouls and the Marietta official retaliated. Powell was robbed of four goals within six minutes of play and Allison and Rigby also suffered.

The game has caused a complication among local people who had made bets on the result. No decision was rendered and in consequence there was no game and all bets should be declared off. Zang did not forfeit the game to Marietta, the team simply refusing to go on. In consequence it was neither a victory, defeat nor a game.

There will be no game this week, but Geneva will be here Tuesday night.

A GREAT VICTORY WON BY TEMPERANCE FOLK

Substitute for Brannock Bill Voted Down and the Original Measure Will Pass.

From a Staff Correspondent.

Columbus, March 17.—The temperance forces won a big victory in the house Wednesday afternoon when by a vote of 62 to 43 the substitute for the Brannock local option bill presented by the minority of the temperance committee was defeated.

This was the test vote on the measure. The rejection of the minority report carried with it the adoption of the majority report, which is the amended district local option bill.

The bill comes up for passage next Tuesday afternoon and will pass by a larger vote than that given in the

house Wednesday on the proposition to reject the report of the minority and adopt that of the majority.

Crist and Hill, of Columbiana, voted with the temperance forces.

Wednesday afternoon's vote showed the relative strength of the temperance and liquor forces, the temperance people having much the better of it.

It seems certain that the Brannock bill will be made a law. The senate is the only place where it can be knocked out now, but it is not likely it will encounter as much opposition there as it did in the house.

NEW CASTLE NOTES.

Local union No. 54 at a regular meeting Friday evening issued three transfer cards as follows: Harry Huffman and Walter Combs, sanitary ware pressers, and David Lovett, kilnman. One transfer card, George Hazelhurst, from local No. 4, was received and one initiation. The members are requested to attend the meeting prepared to discuss the shop local system, so the delegates can go instructed to the convention.

The sanitary shop is only working two days a week and if orders don't pick up will close down entirely.

The China shop is running about the same as usual, with only a few clay hands, and the impression prevails that they are only matching up to dispose of ware on hand.

At the Shenango they are still rushed, with good prospects. Thomas Farrell, of Salem, is working on the biscuit and Clyde Williams, of Barberton, on the glost.

Oscar Seeley, of Wheeling, has accepted a cover dish bench here and has started to work.

Louie Pearsoll has started on as apprentice caster.

Martha Longmire and Isabella Kelly, finishers, were East Liverpool guests over Sunday.

May Kelp, boss of the biscuit ware room, is working her notice. She will accept the position of cup sponger for the turners.

Dan Morgan, presser, left Saturday for East Liverpool.

A BAD FIRE.

The fire at the Sterling pottery, Sebring, had its origin in the boiler room, some new moulds which had been oiling together with a bucket of oil setting above the boilers taking fire presumably from over-heating. The blaze was a hot one, sufficiently so to crack the windows of the room and to char the flooring overhead, but fortunately the burning mass was of

A PURE WATER BILL PASSED

Braun Measure to Protect Streams From Pollution Approved by the House.

MANY OTHER MEASURES

Some of Them of Great Importance to the State Are Favorably Considered By the Legislature, Which is Working Industiously.

Columbus, March 17.—(Special).—The house has passed the Braun bill to prevent the pollution of rivers for a distance of 20 miles above the city.

The bill by Reynolds to increase the number of district shop inspectors by the addition of eight new places failed to pass the house.

The Treadway bill passed, giving cities the power to assess property frontage for the cost of grading, curbing and putting down water mains.

The senate has passed the Smith bill, which prevents children under the age of 16 from working about dangerous machinery, or engaging in the manufacture of explosives or paints, or working at hotels or places of amusement where intoxicating liquors are sold. The bill prevents the employment of girls in any capacity where they are compelled to stand constantly.

A bill introduced by Senator West Tuesday is of great importance to insurance companies. The proposed measure allows such companies, in paying the 2½ per cent tax required by law, to deduct such money as may have been paid or returned to citizens from the amount on which taxes are to be paid.

A bill introduced by Senator West provides that in the case of the death or resignation of the clerk of the senate or house of representatives, the assistant clerk shall be his successor until such time as the vacancy is regularly filled by his successor.

At the request of the funeral directors of the state, Senator Ricketts introduced a bill increasing the allowance for burial of indigent soldiers and sailors to \$50 and giving families of deceased more power in the matter of selecting undertakers.

The Chapman bill increasing the salaries of the state board of veterinaries from \$3 to \$5 a day and allowing them all their expenses, instead of traveling only, as now provided, met with opposition in the senate. Senator Heinlein offered an amendment which would leave the law practically as it now stands. On motion of Senator Stewart the bill and pending amendments were made a special order for Thursday.

A bill introduced by Senator Moore seeks to amend the banking laws by giving the auditor of state power to examine the books of banking companies to verify statements made to the department.

Senator Shumaker's bill providing for the investment of idle funds of building & loan associations in United States, county or municipal bonds has passed both the senate and the house and now only awaits the signature of Governor Herrick to become a law. This bill is of vital importance to every building & loan company doing business in Ohio.

The senate has passed the following bills:

By Representative Huey, of Mahoning, applying the present laws governing the filing of bills of exceptions in

By Mr. Chapman, of Montgomery, providing that no personal property shall be exempt from execution on a judgment rendered for the purchase price of the same property.

The house has passed the following bills:

By Mr. Baldwin, making appropriation of \$12,000 to complete the Ohio building on the grounds of the Louisiana Purchase exposition in St. Louis, Mo.

By Mr. Worthington, to provide for the establishment of a residence for the governor.

A PARROT WILL BE THE CHIEF WITNESS

Bird Subpoenaed to Give Testimony Before a Sebring Justice.

Sebring, March 17.—A peculiar case is set for hearing in Squire Baker's court tomorrow. John Clement, of Canton, sold a parrot to Hannah Hughes for \$25 upon claimed guarantee that the bird was a good talker. Miss Hughes says it is not a good talker and that Clement misrepresented the qualities of the bird. Suit is brought to collect the balance of \$15 due for the bird.

The bird will be brought into court and will become the principal witness. If it proves to the satisfaction of the court that it is a good talker, Clement will receive a judgment for the amount claimed. If the reverse proves true, the defendant wins. It is the first case on record in this vicinity in which a parrot has become the chief witness in a law trial.

IDLE MILLS MAY START

Tin Plate Company Will Start All Plants If Reduced Wages Are Accepted.

Word comes from Pittsburg that a proposition has been submitted by the American Sheet and Tin Plate company to the Amalgamated association of Iron, Steel and Tin Workers, which if accepted, will give employment to thousands of idle union sheet and tin plate workers. The offer was the result of a series of the conferences between officers of the company and the Amalgamated association.

It provides for a general reduction from the association wage scale of 20 per cent and the company agrees to put all of its idle plants in operation as soon as the association accepts the terms. At the conference of manufacturers, it is said, charges were made that a number of individual manufacturers were violating the wage agreement by accepting rebates. A meeting of the general executive board of the Amalgamated association to consider the matter will be held in Pittsburg today.

You are mad at everything, says the Romoc man to the over-worked, nerve-broken-down business man. I have seen people just like you before; almost willing to break up your home on account of those irritating nerves of yours. Now, take my advice and get over this nervousness. There is no need of it. Just take Romoc and it will not be very many days before you will find that your nerves are quieter and stronger. Your digestion will immediately improve and your appetite increase. Little things will cease to irritate you. Romoc, you know, is Nature's tonic up the entire system and is just better for you than drugs that break build up, or remedies which contain poisons may lift you up for a while, but they drop you back to earth with a sickening thud.

All I ask you to do is to give Romoc a fair trial, and you will realize that your best friend is Nature, and that Romoc, her remedy, is the greatest medicine in the world.

Won't you please buy a bottle of Romoc on my assurance that it will do you good, and you will become one of the many in this city advocating Romoc.

Ask for ROMOC LAXATIVE TABLETS—SURE CURE FOR CONSTIPATION.

We have investigated Romoc. We know that all that is said by the Romoc man pertaining to this wonderful remedy is true, and we will refund to anyone the price of the remedy not satisfied with the results obtained. Remember, Romoc is guaranteed and sold by

EAST END STRAY SHOT HIT HENRY POLLOCK

LADS PRACTICE SHOOTING WITH A SERIOUS RESULT.

Clarence Smith and Henry Wright Arrested and Will Be Tried By the Mayor.

Henry Pollock, a 15-year-old boy, is the victim of an accidental shooting, which occurred near his home on First avenue late yesterday afternoon. He is suffering with a painful bullet wound in his head and Clarence Smith and William Wright, boys of about Pollock's age, have been arrested on a charge of discharging fire arms.

Pollock claims he was in an out house at his home when the bullet struck him. He did not see the shot fired, but the boys who were arrested admitted that they had been firing a gun a short distance away. They did not know that Pollock was near and claim he was struck by a stray bullet.

The injured boy was taken to his home and Dr. F. E. Davis, who was called, found that the bullet plowed a deep furrow along the scalp. The wound is not of a dangerous nature, although very painful.

Smith and Wright were arrested a short time after the shooting by the East End police and taken before Mayor Weaver. They admitted the shooting and stated that they knew shooting within the city limits is a violation of the law. They could not determine who fired the shot that struck Pollock. Both were released under bond for a hearing of the case which will be held next Wednesday evening at 7:30 o'clock.

SNEAK THIEF'S WORK

Residence of Charles Hanley Ransacked and a Pocketbook and \$5 Stolen.

A sneak thief ransacked the home of Charles Hanley, on High street, some time yesterday and stole a pocketbook containing \$5 in money. A watch and other valuables were overlooked or disdained by the thief. All of the family were away from home at the time.

Neighbors state that a man was seen knocking at the door of the house but no attention was paid to him. It is probable that he found the key to the door and thus effected an entrance. The key had been placed where it could easily be found by the children.

Work to Start Soon.

Manager Dunsbaugh, of the East End plant of the American Sewer Pipe company, states that work will be resumed April 1 and possibly before that time. Some new machinery is being installed and will be ready for use in a few days. The plant has been idle for several months.

Tendered a Surprise.

About 20 of the friends of Mrs. Campbell Brown, of Railroad street, surprised her last night by calling at her home prepared to spend the evening. Games and music were indulged in until a late hour, when a tempting luncheon was served. The evening was one of great enjoyment.

Opening Postponed.

The opening of the Kwal department store in the Davis building on Mulberry street, which was to have taken place on Saturday, has been deferred until next Thursday. The delay was caused by the carpenters not having the interior of the room completed.

Brick Plant to Resume.

The Gamble & Surles brick plant, which has been idle for a greater part of the winter, will resume operations in a few days. The plant employs about 12 men.

EAST END AFFAIRS.

A son was born yesterday to Mr. and Mrs. Bert Shumway, of Dry Run. Roy Thomas, of Wellsville, was calling on East End friends today.

Thomas Ramsay, Jr., of Pennsylvania avenue, who has been confined to his bed for the past two weeks, is reported better today. He has been in poor health all winter.

Dr. M. W. Taylor, who was called to Darlington, Pa., by the death of his father, S. S. Taylor, will not return until the latter part of the week.

The senior order of American Mechanics will meet tonight in P. H. C. hall.

SAFE ROBBERS

AGAIN AT WORK

The Postoffice at Glassport and Railroad Depot at Irwin, Pa., Plundered.

Pittsburg, March 17.—Safe blowers were busy in the Pittsburg district early yesterday morning and two safes were robbed, the work being done by two different gangs. The postoffice at Glassport was entered. The safe was opened and the money and stamps it contained were stolen. The depot of the Pennsylvania railroad, of Irwin, Pa., was also robbed.

At Irwin, the building was partially wrecked by an excessive charge of nitroglycerin used in blowing open the safe. The safe was in the ticket office and it was rolled out into the man's waiting room. The first attempt to blow it open was unsuccessful, and a second attempt was made 15 minutes later. A third explosion was heard by several people, and it rattled glass in the buildings up town.

The amount of money carried away is said to be considerable, as the safe of tickets yesterday was large. Below the tin cash box was an apartment that contained about \$25 in bills. The money was in a bag and was badly mutilated. This causes the officials to think that the bills carried away were in the same condition. Tickets and mileage books in the safe were not disturbed, but they looked as if they had come through a fire.

At Glassport it was said that between \$400 and \$500 in stamps and money had been taken. R. M. Russell, the postmaster, lives in the apartment over the postoffice, but he knew nothing of what had happened until he went to open the office yesterday morning. At Glassport the method of procedure was different from that at Irwin. No nitroglycerin was used. The robbers had knocked the combination of the safe and had opened it in that manner.

OF VITAL INTEREST TO WAGE EARNERS

Many Topics of Importance Considered by the Trades Council.

VERY BUSY SESSION HELD

Many Bills Affecting the Cause of Labor Are Now Pending in Congress and the State Legislature, and Aid Will Be Given.

The local central labor union has attained a place among the most prominent trades councils of the country, and it is seldom that a question of vital interest to the wage earner is raised that its advice and opinion is not consulted. Being in direct touch with the officials of the American Federation of Labor and all national and international unions, the East Liverpool body is among the very first to be communicated with in all matters pertaining to the cause.

The regular meeting of the council held last evening was an interesting and profitable one. A large batch of communications were received, and nearly all of them required action. The session was a lengthy one in consequence, and the members were occupied until a late hour.

At this season of the year the labor men who look after legislation at the national capital and also at Columbus are going through the busiest period. A large number of laws are now in the hands of the state and national legislatures, the passage of which are of great importance to the workers generally. The officers of the American Federation of Labor are devoting almost their entire time just now to the task of inducing congress to enact the eight hour bill and a measure known as the anti-injunction bill. Both are of vital importance to the workers of the country, and a communication was received from President Gompers last evening asking that the East Liverpool central labor union call the matter to the attention of our representatives in the national house.

The bills are now in the hands of the proper committees of congress, but are expected to be reported on very soon. It is set forth in the communication that there never was a time in the history of the labor movement when it was so difficult to have labor legislation enacted or when more obstacles were placed in the way of such laws. Opposition is encountered from the representatives of manufacturers' associations, citizens' alliances, so-called "Parray organizations" and individual manufacturers. For this reason it is urged that the front presented by the workers should be of a most formidable character, and that not a congressman or United States senator shall fail to be reminded that he is expected to support the legislation.

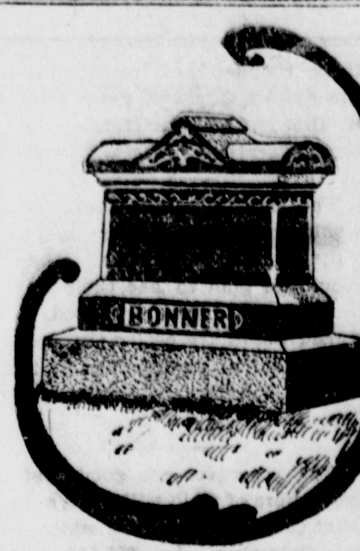

The Brotherhood of Railway Trainmen of Ohio are interested in the passage of a bill making the employer's liability broader in cases of accident. The proposed bill reads as follows:

"Section 1. In any action brought by an employee against his employer to recover for injuries occasioned by failure of such employer to exercise due care in the furnishing to said employee safe machinery, safe appliances or a safe place to work, or to provide proper rules and regulations for the protection of such employee, such injured person shall not be deemed to have assumed any of the risks occasioned by such failure of such employer, notwithstanding such injured employee has continued in the employment with knowledge of the hazards caused by such failure of such employer."

In a communication sent to the trades council the request is made that the organizations affiliated with it urge the passage of the measure. Action was taken in the shape of a resolution, and copies will be forwarded to the representatives in the state legislature.

The committee on naval affairs in the United States house of representatives enclosed a copy of a bill now pending in that body and asked for data upon the subject covered in the proposed law. The bill provides for the appointment of a national tribunal and defines the duties and powers thereof. This tribunal shall consist of six members to be appointed by the president of the United States. The secretary of commerce and labor shall be an ex-officio member of the tribunal, and its duties will be to take up all matters of dispute between capital and labor. The East Liverpool body will furnish the information desired.

With the session last night the old council finished the work of the year. At the next meeting, which will occur April 6, the new delegates will be seated and the council reorganized. Officers for the ensuing year will be elected and standing committees ap-

CANCER CURED BY LIFE PLANT

While the proprietors of LIFE PLANT have always guaranteed a cure or money refunded, in all cases of Rheumatism, Gout, Stomach and Liver troubles, and all ordinary forms of skin and blood diseases, they have never said that it was a certain cure for Cancer, but that if *do* cure Cancer is fully established by the following letter:

Gentlemen:—NEW CUMBERLAND, O., Nov. 3, 1903.
Eleven years ago a cancer appeared on my left ear. It was small at first, but, as is the case with a growth of this kind, it gradually increased in size and severity. One of the cartilages of the ear was entirely eaten away. There was a raw sore on my ear and face as broad as your finger and about two inches long. You can imagine how I suffered. That eating, gnawing sensation continued without interruption day or night. Occasionally a blood vessel was eaten off and the blood would trickle down my face. For three years I could not be in bed without lying up my face on account of the continued suppuration of the wound. My condition was indeed deplorable; a rancorous, loathsome cancer, eating away my life, inch by inch.
I, of course, sought advice from numerous physicians; I called upon physicians of St. Louis and Cleveland, and was under treatment by local physicians for a number of years. The last physician to whom I talked told me plainly that I would not live four months unless I submitted to an operation. It was then that the good old Rev. Scott told me he thought that Life Plant would help me.
I immediately began taking Life Plant; I had not taken one bottle until the eating sensation lessened. I stopped all other treatment, and have taken nothing but Life Plant since. I realized that I could not be cured of a disease that had been coming on me for years and had reached the stage of development that my case had, by one or two bottles of Life Plant or any other medicine. I settled down to taking this one remedy and, while I improved from the very beginning, the cancer was not entirely cured for years.
I began taking Life Plant on or about the 10th day of September, 1902, and now I am 10 years away from it, and as well as ever, sound in every particular. There is no more cancer, the sore is entirely healed, and nothing but a scar remains to show that my life was once threatened with a deadly cancer.
Now I want to say that in view of the fact that cancer is one of the most severe and stubborn blood diseases known, and in view of the fact that Life Plant cured me, I firmly believe that Life Plant will cure any disease arising from impure blood if the patient will persist in its use as I did. I have said nothing but the truth, and stand ready to back every word with an affidavit if called upon to do so. Wishing you success, I am sincerely yours,
JAMES D. MILLS.

THURSDAY, MARCH 17, 1904.

The birthday of Ireland's patron saint is probably as enthusiastically celebrated in this country as anywhere on earth. The green isle has been sending the flower of its manhood and womanhood to America for years and years, and the number of good Americans who proudly trace relationship back to Irish ancestry runs into millions. Ireland has lent its wit and eloquence to our orators, has furnished our armies with courageous fighters and able generals, has taken part in many a naval victory, has left its impress on our literature, our business and our social life. The Irishmen—at least, those that we see in America—are energetic fellows, with a faculty for getting ahead. W. B. Yeats, the Irish poet, when asked the other day what had impressed him most in this country, replied, "the fat Irishmen. We have none at home." Erin's sons have prospered here, because they deserved to prosper. They have been an important factor in making America strong and rich and patriotic.

The senate has passed the Frye Philippine shipping bill, with the amendment offered by Senator Allison, by which it does not go into effect until July 1, 1905. The navigation laws of the United States provide that the coastwise trade—that is, the trade between ports of the United States—shall be exclusively reserved for vessels sailing under the American flag. The Frye bill extends this provision to the Philippines. Hence, on and after the date named, all commerce between the continental United States and these islands, must be in American vessels.

More than 3,000 applications for enrollment in the Carnegie technical schools at Pittsburgh have already been filed, though the date for the opening is still indefinite. This demonstrates that the schools will fill a great popular want. It also shows the wisdom of

their founder and foreshadows that the Smoky City will shortly have one of the greatest institutions for practical education in the whole world.

The men who get their living by mining coal have shown good sense in voting not to strike. Everybody would be glad to see their wages advanced rather than reduced, but reduced wages are better than none. All the principal manufacturing interests will be benefited by the miners' decision.

The prospects are good that future governors of Ohio will have a dwelling that they can call home while they are in Columbus. An \$85,000 executive mansion is none too big or grand for a state as important as Ohio.

A congressman who upholds lynch law is just as unworthy of a seat in the national legislature as a polygamist. Men who advocate disobedience to the laws should be elected to stay at home.

Salem business men propose that that city shall have a federal building. All right, if they can get it; but they must remember that East Liverpool's application was filed first.

The local option bill is moving steadily along. The legislature will undoubtedly yield to the wishes of the people and allow them home rule in dealing with the liquor question.

It is said that Russia will strike no real blow at Japan until April. Meanwhile, she will probably keep her press agent busy, chronicling imaginary victories.

Spring has arrived again, and it is to be hoped that the visit will be more than a formal call this time.

William Randolph Hearst's campaign gives the Democracy what it likes—something to wrangle over.

Hearst is proving that the barrel is still a mighty influence in securing Democratic support.

Port Arthur hasn't fallen for two days. Something wrong somewhere.

OBITUARY

Owen Stackhouse.

Owen Stackhouse, who was known in Columbus during Governor William McKinley's administration as the "Big Penitentiary Guard," is dead at his home in Minerva. Stackhouse stood 6 feet 5 inches in his stocking feet and weighed about 260 pounds. He was color sergeant of the One Hundred and Fourth volunteer infantry during the civil war. Notwithstanding his conspicuous figure he was never wounded.

Eva Dixon.

Miss Eva Dixon, aged 19 years, died at her home in Rural lane yesterday after an illness of several weeks from typhoid fever. The funeral services will be held tomorrow afternoon at 2 o'clock, Rev. J. W. Gorrell, of the First Christian church, officiating. The interment will be made in Spring Grove cemetery. Miss Dixon is survived by her mother and several brothers and sisters.

Death of an Infant.

Isa, the 19-month-old daughter of Mr. and Mrs. Bennett Larkins, of Pennsylvania avenue, East End, died this morning from whooping cough and complications. The funeral services will be held at the home Saturday morning at 10 o'clock, Rev. Dr. S. F. Lloyd, of the Erie street M. E. church, officiating, and the interment will be made in Riverview cemetery.

Harry Gottman, of Steubenville, was here on business yesterday.

Judgment Asked on Notes.

Lisbon, March 17.—(Special).—The Advance Thrasher company, of Battle Creek, Mich., has filed suit in court here against Edward L. and O. R. Fowler, of Butler township, and B. H. Hartsough, asking judgment for \$515 with interest from July 31, 1903. This amount is alleged to be due on a series of notes executed at Columbus in favor of the company and payable at the First National bank in Salem. The notes are secured by chattel mortgages on machinery purchased from the company by the defendants.

AT THE THEATER

A dollar show for thirty cents is just what is promised all next week at the Grand, when the VanDyke & Eaton company opens a week's engagement at popular prices. This company will produce a splendid line of plays beginning Monday night with "Under Scaled Orders." Special scenery, elaborate electrical and mechanical effects will be used to properly stage each play. Among the bills to be put on during the week are "A Lion's Heart," "Across the Desert," "The Three Musketeers," "Faust" and "Over the Hills to the Poor House" for Saturday matinee. The specialties will include Miss Ollie Eaton in electrical spectacular dances, Charles Gano, comedian and musical mope from West's Big Minstrel, William Foster, popular entertainer, Miss Della Wilson, "Sis Hopkins," Roulette, expert hoop rolling, Frank Emmons, novelty dancing, and the latest moving pictures with the newest sensational subjects.

The newest of the song hits of this year will be heard at the Grand Friday night, in the performance of "The Beauty Doctor," Kerr and Shelley's big musical extravaganza success, which Fred E. Wright will present here with the original company of 50 people. The biggest of the hits are "The Lobster and the Mermale," "Where Was Moses When the Light Went Out?" "Navajo," "A Little Bit of Jolly Does It All" and "The Way of the Girls Today." The serenade ensemble, "Loved One, So Pure and Tender," which is the lyrical gem of the score, is one of the most tuneful numbers heard in musical comedy. Don't miss the hit of the season.

Alonzo Lang, of the team of Dixon & Lang, with the Katzenjammer Kids, plays the part of Mrs. Katzenjammer and the role of Jack Arnold and shows what can be done in the makeup act from a funny old "Dutch woman" to a "swell" in evening dress suit, a task that requires an artist to interpret. At the Grand Saturday night.

There is always one thing about a production of "Faust," the beautiful dialogue alone is worth the money. Lewis Morrison himself will read the lines of Mephisto for the last time here when his new "Faust" company comes to the city in the near future.

MRS. JANE FRANK AIRS HER VIEWS

Tells the Mayor and Chief Laws Are Openly Violated Every Day.

PLAINTS ARE NOT HEEDED

Mrs. Jane Frank, who has made herself quite conspicuous and generally notorious by her war against the posting of glaring lithographs, which portray the forms of the fairer sex in a catchy manner, appeared again at the city hall this morning and gave the mayor and Chief Wyman another lecture. They have maintained that there was no law by which they could abolish the display of pictures objectionable to her, and she wanted to prove to them that there was. She claims that all law is based on the law of God as written in the bible and referred them to the book of Deuteronomy, the 22d chapter.

The chapter contains the following paragraph which she quoted: "The woman shall not wear that which pertaineth unto a man, neither shall a man put on a woman's garment: for all that do so are an abomination unto the Lord thy God."

Mrs. Frank says that girls and women are permitted to violate that law nearly every week in the opera house. She believes that tights should be worn only by men, and argues that women who wear them are guilty of a misdemeanor and can be arrested.

Mrs. Frank says she has been persecuted much of late because of her attitude against posters. She claims to have been openly insulted time and again. She rather likes to be, however, as she goes into the camp of the enemy nearly every day. She will continue to tear down the posters and does not care if she is jailed for it.

THURSDAY, MARCH 17, 1904.

The birthday of Ireland's patron saint is probably as enthusiastically celebrated in this country as anywhere on earth. The green isle has been sending the flower of its manhood and womanhood to America for years and years, and the number of good Americans who proudly trace relationship back to Irish ancestry runs into millions. Ireland has lent its wit and eloquence to our orators, has furnished our armies with courageous fighters and able generals, has taken part in many a naval victory, has left its impress on our literature, our business and our social life. The Irishmen—at least, those that we see in America—are energetic fellows, with a faculty for getting ahead. W. B. Yeats, the Irish poet, when asked the other day what had impressed him most in this country, replied, "the fat Irishmen. We have none at home." Erin's sons have prospered here, because they deserved to prosper. They have been an important factor in making America strong and rich and patriotic.

The senate has passed the Frye Philippine shipping bill, with the amendment offered by Senator Allison, by which it does not go into effect until July 1, 1905. The navigation laws of the United States provide that the coastwise trade—that is, the trade between ports of the United States—shall be exclusively reserved for vessels sailing under the American flag. The Frye bill extends this provision to the Philippines. Hence, on and after the date named, all commerce between the continental United States and these islands, must be in American vessels.

More than 3,000 applications for enrollment in the Carnegie technical schools at Pittsburgh have already been filed, though the date for the opening is still indefinite. This demonstrates that the schools will fill a great popular want. It also shows the wisdom of

their founder and foreshadows that the Smoky City will shortly have one of the greatest institutions for practical education in the whole world.

The men who get their living by mining coal have shown good sense in voting not to strike. Everybody would be glad to see their wages advanced rather than reduced, but reduced wages are better than none. All the principal manufacturing interests will be benefited by the miners' decision.

The prospects are good that future governors of Ohio will have a dwelling that they can call home while they are in Columbus. An \$85,000 executive mansion is none too big or grand for a state as important as Ohio.

A congressman who upholds lynch law is just as unworthy of a seat in the national legislature as a polygamist. Men who advocate disobedience to the laws should be elected to stay at home.

Salem business men propose that that city shall have a federal building. All right, if they can get it; but they must remember that East Liverpool's application was filed first.

The local option bill is moving steadily along. The legislature will undoubtedly yield to the wishes of the people and allow them home rule in dealing with the liquor question.

It is said that Russia will strike no real blow at Japan until April. Meantime, she will probably keep her press agent busy, chronicling imaginary victories.

Spring has arrived again, and it is to be hoped that the visit will be more than a formal call this time.

William Randolph Hearst's campaign gives the Democracy what it likes—something to wrangle over.

Hearst is proving that the barrel is still a mighty influence in securing Democratic support.

OBITUARY

Owen Stackhouse.

Owen Stackhouse, who was known in Columbus during Governor William McKinley's administration as the "Big Penitentiary Guard," is dead at his home in Minerva. Stackhouse stood 6 feet 5 inches in his stocking feet and weighed about 260 pounds. He was color sergeant of the One Hundred and Fourth volunteer infantry during the civil war. Notwithstanding his conspicuous figure he was never wounded.

Eva Dixon.

Miss Eva Dixon, aged 19 years, died at her home in Rural lane yesterday after an illness of several weeks from typhoid fever. The funeral services will be held tomorrow afternoon at 2 o'clock, Rev. J. W. Gorrell, of the First Christian church, officiating. The interment will be made in Spring Grove cemetery. Miss Dixon is survived by her mother and several brothers and sisters.

Death of an Infant.

Isa, the 19-months-old daughter of Mr. and Mrs. Bennett Larkins, of Pennsylvania avenue, East End, died this morning from whooping cough and complications. The funeral services will be held at the home Saturday morning at 10 o'clock, Rev. Dr. S. F. Lloyd, of the Erie street M. E. church, officiating, and the interment will be made in Riverview cemetery.

Harry Gottman, of Steubenville, was here on business yesterday.

Judgment Asked on Notes.

Lisbon, March 17.—(Special.)—The Advance Thresher company, of Battle Creek, Mich., has filed suit in court here against Edward L. and O. R. Fowler, of Butler township, and B. H. Hartsough, asking judgment for \$515 with interest from July 31, 1903. This amount is alleged to be due on a series of notes executed at Columbus in favor of the company and payable at the First National bank in Salem. The notes are secured by chattel mortgages on machinery purchased from the company by the defendants.

AT THE THEATER

A dollar show for thirty cents is just what is promised all next week at the Grand, when the VanDyke & Eaton company opens a week's engagement at popular prices. This company will produce a splendid line of plays beginning Monday night with "Under Sealed Orders." Special scenery, elaborate electrical and mechanical effects will be used to properly stage each play. Among the bills to be put on during the week are "A Lion's Heart," "Across the Desert," "The Three Musketeers," "Faust" and "Over the Hills to the Poor House" for Saturday matinee. The specialties will include Miss Ollie Eaton in electrical spectacular dances, Charles Gano, comedian and musical moke from West's Big Minstrel, William Foster, popular entertainer, Miss Della Wilson, "Sis Hopkins," Roulette, expert hoop rolling, Frank Emmons, novelty dancing, and the latest moving pictures with the newest sensational subjects.

The newest of the song hits of this year will be heard at the Grand Friday night, in the performance of "The Beauty Doctor," Kerr and Shelley's big musical extravaganza success, which Fred E. Wright will present here with the original company of 50 people. The biggest of the hits are "The Lobster and the Mermaid," "Where Was Moses When the Light Went Out?" "Navajo," "A Little Bit of Jolly Does It All" and "The Way of the Girls Today." The serenade ensemble, "Loved One, So Pure and Tender," which is the lyrical gem of the score, is one of the most tuneful numbers heard in musical comedy. Don't miss the hit of the season.

Alonzo Lang, of the team of Dixon & Lang, with the Katzenjammer Kids, plays the part of Mrs. Katzenjammer and the role of Jack Arnold and shows what can be done in the makeup act from a funny old "Dutch woman" to a "swell" in evening dress suit, a task that requires an artist to interpret. At the Grand Saturday night.

There is always one thing about a production of "Faust," the beautiful dialogue alone is worth the money. Lewis Morrison himself will read the lines of Mephisto for the last time here when his new "Faust" company comes to the city in the near future.

MRS. JANE FRANK AIRS HER VIEWS

Tells the Mayor and Chief Laws Are Openly Violated Every Day.

PLAINTS ARE NOT HEEDED

Mrs. Jane Frank, who has made herself quite conspicuous and generally notorious by her war against the posting of glaring lithographs, which portray the forms of the fairer sex in a catchy manner, appeared again at the city hall this morning and gave the mayor and Chief Wyman another lecture. They have maintained that there was no law by which they could abolish the display of pictures objectionable to her, and she wanted to prove to them that there was. She claims that all law is based on the law of God as written in the bible and referred them to the book of Deuteronomy, the 22d chapter.

The chapter contains the following paragraph which she quoted: "The woman shall not wear that which pertaineth unto a man, neither shall a man put on a woman's garment: for all that do so are an abomination unto the Lord thy God."

Mrs. Frank says that girls and women are permitted to violate that law nearly every week in the opera house. She believes that tights should be worn only by men, and argues that women who wear them are guilty of a misdemeanor and can be arrested.

Mrs. Frank says she has been persecuted much of late because of her attitude against posters. She claims to have been openly insulted time and again. She rather likes to be, however, as she goes into the camp of the enemy nearly every day. She will continue to tear down the posters and does not care if she is jailed for it.

As usual the mayor gave her but little satisfaction. He treats her with respect and listens to her stories, but he will not act, believing that it is beyond his power to dictate regarding the kind of bills that shall be displayed on local boards so long as they are not vicious.

WELLSVILLE AND VICINITY

THE POSTOFFICE MAY BE MOVED

As a Result of the Visit of a Government Inspector to Wellsville.

ITS CONDITION AT PRESENT

Is a Disgrace to the City—Government Proposes to Take Steps Looking For a Location Elsewhere Unless Council Keeps Its Agreement.

It is reasonable to believe that the Wellsville postoffice will be removed from its present location in the Wellsville city hall to the Whitacre block on Third street. Should council or the board of service commence at once to complete the contract entered into with the department relative to the remodeling of the room now occupied by the office, it will remain in the city building. If other dilatory measures are taken, then the office will be removed, and that soon.

Some weeks ago Assistant Superintendent Norris, of the salary and allowance department, visited Wellsville to see just what improvements had been completed. The gentleman talked to a number of city officials concerning the completion of the proposition of the city, but it has resulted to naught.

When one city official was told by Inspector Norris that the department would be compelled to seek other quarters unless the contract was completed at once, the city official replied that he did not care a rap how soon the office was moved.

When another official was spoken to about the matter, this Wellsville politician said that the inspector did not know anything, but this was a remark made after Inspector Norris was not in his presence.

After all these "conferences," Mayor Fogo agreed to bring the matter to the attention of council. That was after Inspector Norris had left the city. There have been several meetings of council since then, but no mention has been made of the postoffice situation. It is not expected that it will be mentioned soon again.

The condition of the Wellsville postoffice, as it is now, is a disgrace to the city. The lobby has been cleaned once since Wednesday of last week. The windows have not been cleaned for several months. No one can tell when they will be cleaned. The city is compelled to clean the lobby of the postoffice under its old lease, but perhaps this lease is not taken into consideration since Janitor Dallas Pittenger has left the city and gone to Steubenville. However, the department at Washington has been awake while the officials of Wellsville have been apparently asleep. This will be shown by

HOTEL METROPOLE
E. S. WOOLWEAVER, Prop.
WELLSVILLE, O.

the following letter:

Washington, D. C., Feb. 29, 1904.
Postmaster, Wellsville, O.

Sir:—This office is in receipt of a report from Assistant Superintendent Norris in regard to the unsatisfactory condition of the room occupied by the postoffice. Mr. Norris recommends that, inasmuch as the city authorities have failed to carry out the terms of their proposition to provide a satisfactory equipment for the office, steps will be taken to lease a room offered by Mr. E. G. Whitacre at an annual rental of \$600 to cover complete equipment, heat, light, janitor service, etc. The department is inclined to favorably consider this proposition in view of the difficulty experienced in endeavoring to compel the owners of the premises now occupied to carry out the terms of their proposition.

Will you please confer with the city authorities and ascertain definitely whether they desire to comply with the terms of their proposal and provide certain additional furniture for the office which is needed. Advise this department promptly.

Very respectfully,

R. J. WYNNE,

First Assistant Postmaster General. The notations of the letter were complied with and the department was advised that council would give the subject immediate attention. This, after city officials were seen.

In reply to the letter of Postmaster T. R. Snowden, this communication was received recently:

Washington, D. C., March 12, 1904.
Postmaster, Wellsville, O.

Sir:—I beg to acknowledge receipt of your communication of the 6th instant, in regard to securing better quarters for the postoffice.

Please advise what action is taken by the city authorities on the 11th, and if possible secure a definite statement as to whether they will carry out the provisions of the terms of its contract.

Very respectfully,

R. J. WYNNE,

First Assistant Postmaster General. Council when it met last Friday evening, did not take any action concerning the postoffice matter. The department has so been advised by Postmaster Snowden. A reply to this communication is expected within a few days.

In the meantime President of Council A. B. Crubaugh wrote the postoffice department, asking for a copy of the contract the department has with the city. Why the city has no duplicate of this proposition no one has said. This letter to Postmaster Snowden is explanatory.

Washington, D. C., March 14, 1904.
Postmaster, Wellsville, O.

Sir:—A communication has been received from Mr. A. B. Crubaugh, box 163, stating that he has been authorized by the city council to request of the department a copy of its proposition submitted for the leasing of the postoffice in Wellsville. I inclose herewith a copy of said proposition, which you are authorized to deliver to Mr. Crubaugh, if he is interested in the case.

Very respectfully,

J. J. HOWLEY,

Acting First Asst. Postmaster General. This copy of the proposition was delivered to Mr. Crubaugh, and he will probably read it at the next meeting of council. What that body will do

with the subject, no one can predict. When Inspector Norris was in the city he called upon several members of the board of service, which board under the new code has control of all public buildings, and they were asked who had the authority to sign the lease for the building. It is alleged that Mr. Bowers said the board of service, since it has control of the building, had the right to sign the lease, but when President W. G. Stewart was asked his opinion of the matter, said that the board had no right to sign the lease, but that the lease should be signed by the tax commission.

In the meantime the general public is kept guessing. It is claimed that if the provisions of the proposition were carried out the mail delivery of the city would be greatly facilitated. Whether council will agree to abide by its contract will be watched with interest.

A DIFFERENT STORY TOLD TO THE MAYOR

No Reason Apparent For Apprehending Runaway Steubenville Girls in Wellsville.

Mary Culver, one of the trio of girls whom Mayor Fogo was asked to arrest by the Steubenville police Saturday night, and for whom no warrant had been issued either in the Steubenville or Wellsville courts, told Mayor Fogo a story much different from that told by those at the end of the telephone line at Steubenville.

First of all, there was no law in Ohio, under the circumstances, under which any of the girls could have been arrested, or detained.

There is no law in Ohio that makes running away from home a criminal act. Mayor Fogo knew this, and so told the Steubenville copper, to whom he was talking.

Mary Culver was the youngest of the trio, claiming to be nearing 18. The others were over 20. Mary said that she ran away from home last summer and went to Martin's Ferry to join a carnival company. She claimed to have reason for doing this. She also claimed that when her father went there after her he was detained by the police for his actions, and that various things were taken from his person, which under the law were not allowed to be carried by man.

"I have had too much step mother," said Mary to Mayor Fogo, "and if I go home, I will commit suicide. My father has not been treating me right and has been drinking of late. Life is a burden to me when at home."

No scene occurred in the office of Mayor Fogo as was described by a Steubenville paper on Tuesday evening, as follows:

"Concerning the detention at Wellsville of three girls who left their homes in Steubenville on Saturday night, ostensibly to go to Cleveland, word comes from Wellsville today that when Mayor Fogo decided not to hold them, but to allow them to proceed on their way, the youngest girl of the trio created a scene by throwing her arms around the mayor's neck and kissing him several times. The girls, whose names are May Thompson, Verne Shellert and Mary Culver, left Wellsville Sunday morning on their journey to Cleveland. The father of the Culver girl tried to have the mayor of Wellsville hold the girls until he could come after them, but the mayor refused, claiming he had no right to hold them. When detained at Wellsville they were in company with two young men of Bellaire, who are said to be railroad clerks."

SUSPECTS HELD FOR GRAND JURY

Men Arrested on a Charge of Robbery to Be Tried in Jefferson County.

Ellis Stoffel, of Wellsville, arrested on a charge of robbery Monday, waived a hearing before Mayor Miller, of Toronto, yesterday afternoon. He will be taken to the Jefferson county jail at Steubenville to await the next grand jury.

Thomas Howell, also of Wellsville, arrested at the same time and on a similar charge, was given a preliminary hearing before Mayor Miller yesterday. He was held for court in the sum of \$500 bail. He is charged with entering and robbing the Minor carpenter shop and the office of the Myers Clay Manufacturing company.

While on the stand and under a scorching cross-examination by Hon. S. B. Taylor, who represented the state, the prisoner became rattled. When asked if he was married, Howell said he could not say whether he had ever passed through that happy ordeal or not. "Well," continued Mr. Taylor, "did you ever have a license, and were you ever before a squire?" "No, sir," replied Howell. "We never got a marriage license, but we did go over to Irondale and talk to the 'squire.' "And did this girl ever say that she would love, honor and obey you?" asked Attorney Taylor. "Yes, sir, many a time," answered Howell.

When Howell was taken from the

The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit. In this way, the germ-killing and health-giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in East Liverpool that Will Reed has the greatest confidence in its power to cure catarrh. He believes in it so thoroughly, that he will give his personal guarantee to refund the money if it does not cure, the purchaser to be sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not to be troubled with catarrh tell your friends of Will Reed's offer and get them to take advantage of it.

COLORED DAMSELS SLEPT IN JAIL

Girls from Steubenville Attracted Attention of the Police And Were Arrested.

Carrie Scott, aged 16, and Rosie Richardson, aged 20, both colored, and claiming Steubenville as their home were released by Mayor Fogo from the Wellsville jail last evening. Carrie said she formerly worked for a saloon keeper named Walker in Steubenville, and with Rosie came to Wellsville last Friday. Neither have did any work since they came to the city, although Carrie claimed she had been working as a domestic.

Both girls fell in with Charles Brock soon after they came to the city, and that is why they were arrested by Chief Houser and Patrolman Williams Tuesday night. Brock was also arrested.

The girls told Mayor Fogo yesterday afternoon that they were being taken to a house near Eighth street by Brock and a white chap. They wanted to get a room there for the night. The officers followed them, and as their actions were suspicious they were placed under arrest.

There was no charge under which the girls could be held, as they committed no crime. The arrest was one to prevent such. When Mayor Fogo told Carrie that he was sorry that he was compelled to send both girls to the workhouse for 90 days, Carrie said, "All right, mayor."

When both girls were taken into the mayor's office last night they were told to leave town at once, or a more serious charge would be placed against them. Both left for East Liverpool.

Brock was not released. The police of Wellsville are tired of having him before them, and if possible for Brock to be sent to Lisbon it is the intention of the authorities to send him there.

Brock and his wife had some trouble a few nights ago, all because Mrs. Brock was seen by her husband talking to a man of opposite color. Chief Houser was near at the time, and before blows were struck Charlie and his wife were separated.

BOARDS OF REVIEW DECLARED LEGAL

Supreme Court Ruling Upon an Important Test Case.

IT AFFECTS MANY CITIES

Columbus, March 17.—(Special).—The supreme court of the state has handed down a decision establishing the constitutionality of the law creating the boards of review which are operating in many cities throughout Ohio.

The case decided in favor of the boards of review was a test case which originated in Ashtabula. The board of review of that city was attacked on the ground that the law by virtue of which it existed was unconstitutional and an effort was made to oust it. The case was first heard in the common pleas court, which sustained the board, then by the circuit court, which affirmed the preceding decision, and finally by the supreme court, which also affirmed the decisions of the two lower courts. By the terms of the supreme court's decision the boards of review can continue to exist and do business and if they are ousted it must be for some other reason than that the ones contained in the issues just settled.

Four grounds constituted the basis of the proceedings against the board. These were that the law conferred legislative power upon the county auditor in authorizing him to request boards for as many cities in his county as he thought needed them; that the members of a board of review were actually county officials and as such, under the constitution must be elected by the people and not selected by the governor; that the law did not definitely fix the compensation of the members and that the law in itself was incomplete. On these grounds it was sought to have the board of review law declared unconstitutional.

Judge W. B. Sanders, of Cleveland, represented the board's interests. He was assisted by ex-Attorney General Sheets. The other side of the question was taken by County Solicitor Herbert Williams, of Ashtabula.

HORRIBLE ATROCITIES.

Fleishish Forms of Torture and Death Inflicted Upon Settlers.

Berlin, March 17.—Letters from German Southwest Africa have arrived here giving details of the ghastly treatment of German settlers, 113 of whom were killed outright or tortured to death in the district of Okahandja alone.

Women outraged and dismembered and with pieces of their bodies nailed to the doors of houses, and boys mutilated and left to die slowly, were frequent spectacles. The expeditionary columns on coming in sight of a farmer's house would see the heads of its former occupants fastened to the roof.

These sights appear to have excited the rage of the soldiers. The letters express longing for revenge. That causes some papers to urge the government to telegraph instructions to Colonel Leutwein, the governor, that he order the soldiers to restrain themselves and conduct the war in a civilized manner. Colonel Leutwein, it is alleged, left insufficient troops in the exposed districts and was misled by the temper of the natives, having frequently had at his table chiefs who are now in rebellion, who are wearing decorations bestowed on them by the governor in behalf of the emperor. The Tageblatt intimates that Colonel Leutwein will be recalled.

WELLSVILLE AND VICINITY

THE POSTOFFICE MAY BE MOVED

As a Result of the Visit of a Government Inspector to Wellsville.

ITS CONDITION AT PRESENT

Is a Disgrace to the City—Government Proposes to Take Steps Looking For a Location Elsewhere Unless Council Keeps Its Agreement.

It is reasonable to believe that the Wellsville postoffice will be removed from its present location in the Wellsville city hall to the Whitacre block on Third street. Should council or the board of service commence at once to complete the contract entered into with the department relative to the remodeling of the room now occupied by the office, it will remain in the city building. If other dilatory measures are taken, then the office will be removed, and that soon.

Some weeks ago Assistant Superintendent Norris, of the salary and allowance department, visited Wellsville to see just what improvements had been completed. The gentleman talked to a number of city officials concerning the completion of the proposition of the city, but it has resulted to naught.

When one city official was told by Inspector Norris that the department would be compelled to seek other quarters unless the contract was completed at once, the city official replied that he did not care a rap how soon the office was moved.

When another official was spoken to about the matter, this Wellsville politician said that the inspector did not know anything, but this was a remark made after Inspector Norris was not in his presence.

After all these "conferences," Mayor Fogo agreed to bring the matter to the attention of council. That was after Inspector Norris had left the city. There have been several meetings of council since then, but no mention has been made of the postoffice situation. It is not expected that it will be mentioned soon again.

The condition of the Wellsville postoffice, as it is now, is a disgrace to the city. The lobby has been cleaned once since Wednesday of last week. The windows have not been cleaned for several months. No one can tell when they will be cleaned. The city is compelled to clean the lobby of the postoffice under its old lease, but perhaps this lease is not taken into consideration since Janitor Dallas Pittenger has left the city and gone to Steubenville. However, the department at Washington has been awake while the officials of Wellsville have been apparently asleep. This will be shown by

the following letter:

Washington, D. C., Feb. 29, 1904.
Postmaster, Wellsville, O.

Sir:—This office is in receipt of a report from Assistant Superintendent Norris in regard to the unsatisfactory condition of the room occupied by the postoffice. Mr. Norris recommends that, inasmuch as the city authorities have failed to carry out the terms of their proposition to provide a satisfactory equipment for the office, steps will be taken to lease a room offered by Mr. E. G. Whitacre at an annual rental of \$600 to cover complete equipment, heat, light, janitor service, etc. The department is inclined to favorably consider this proposition in view of the difficulty experienced in endeavoring to compel the owners of the premises now occupied to carry out the terms of their proposition.

Will you please confer with the city authorities and ascertain definitely whether they desire to comply with the terms of their proposal and provide certain additional furniture for the office which is needed. Advise this department promptly.

Very respectfully,

R. J. WYNNE,

First Assistant Postmaster General. The notations of the letter were complied with and the department was advised that council would give the subject immediate attention. This, after city officials were seen.

In reply to the letter of Postmaster T. R. Snowden, this communication was received recently:

Washington, D. C., March 12, 1904.
Postmaster, Wellsville, O.

Sir:—I beg to acknowledge receipt of your communication of the 6th instant, in regard to securing better quarters for the postoffice.

Please advise what action is taken by the city authorities on the 11th, and if possible secure a definite statement as to whether they will carry out the provisions of the terms of its contract.

Very respectfully,

R. J. WYNNE,

First Assistant Postmaster General. Council when it met last Friday evening, did not take any action concerning the postoffice matter. The department has so been advised by Postmaster Snowden. A reply to this communication is expected within a few days.

In the meantime President of Council A. B. Crubaugh wrote the postoffice department, asking for a copy of the contract the department has with the city. Why the city has no duplicate of this proposition no one has said. This letter to Postmaster Snowden is explanatory.

Washington, D. C., March 14, 1904.
Postmaster, Wellsville, O.

Sir:—A communication has been received from Mr. A. B. Crubaugh, box 163, stating that he has been authorized by the city council to request of the department a copy of its proposition submitted for the leasing of the postoffice in Wellsville. I inclose herewith a copy of said proposition, which you are authorized to deliver to Mr. Crubaugh, if he is interested in the case.

Very respectfully,

J. J. HOWLEY,

Acting First Asst. Postmaster General. This copy of the proposition was delivered to Mr. Crubaugh, and he will probably read it at the next meeting of council. What that body will do

with the subject, no one can predict.

When Inspector Norris was in the city he called upon several members of the board of service, which board under the new code has control of all public buildings, and they were asked who had the authority to sign the lease for the building. It is alleged that Mr. Bowers said the board of service, since it has control of the building, had the right to sign the lease, but when President W. G. Stewart was asked his opinion of the matter, said that the board had no right to sign the lease, but that the lease should be signed by the tax commission.

In the meantime the general public is kept guessing. It is claimed that if the provisions of the proposition were carried out the mail delivery of the city would be greatly facilitated. Whether council will agree to abide by its contract will be watched with interest.

A DIFFERENT STORY TOLD TO THE MAYOR

No Reason Apparent For Apprehending Runaway Steubenville Girls in Wellsville.

Mary Culver, one of the trio of girls whom Mayor Fogo was asked to arrest by the Steubenville police Saturday night, and for whom no warrant had been issued either in the Steubenville or Wellsville courts, told Mayor Fogo a story much different from that told by those at the end of the telephone line at Steubenville.

First of all, there was no law in Ohio, under the circumstances, under which any of the girls could have been arrested, or detained.

There is no law in Ohio that makes running away from home a criminal act. Mayor Fogo knew this, and so told the Steubenville copper, to whom he was talking.

Mary Culver was the youngest of the trio, claiming to be nearing 18. The others were over 20. Mary said that she ran away from home last summer and went to Martin's Ferry to join a carnival company. She claimed to have reason for doing this. She also claimed that when her father went there after her he was detained by the police for his actions, and that various things were taken from his person, which under the law were not allowed to be carried by man.

"I have had too much step mother," said Mary to Mayor Fogo, "and if I go home, I will commit suicide. My father has been treating me right and has been drinking of late. Life is a burden to me when at home."

No scene occurred in the office of Mayor Fogo as was described by a Steubenville paper on Tuesday evening, as follows:

"Concerning the detention at Wellsville of three girls who left their homes in Steubenville on Saturday night, ostensibly to go to Cleveland, word comes from Wellsville today that when Mayor Fogo decided not to hold them, but to allow them to proceed on their way, the youngest girl of the trio created a scene by throwing her arms around the mayor's neck and kissing him several times. The girls, whose names are May Thompson, Verne Shellert and Mary Culver, left Wellsville Sunday morning on their journey to Cleveland. The father of the Culver girl tried to have the mayor of Wellsville hold the girls until he could come after them, but the mayor refused, claiming he had no right to hold them. When detained at Wellsville they were in company with two young men of Bellaire, who are said to be railroad clerks."

SUSPECTS HELD FOR GRAND JURY

Men Arrested on a Charge of Robbery to Be Tried in Jefferson County.

Ellis Stoffel, of Wellsville, arrested on a charge of robbery Monday, waived a hearing before Mayor Miller, of Toronto, yesterday afternoon. He will be taken to the Jefferson county jail at Steubenville to await the next grand jury.

Thomas Howell, also of Wellsville, arrested at the same time and on a similar charge, was given a preliminary hearing before Mayor Miller yesterday. He was held for court in the sum of \$500 bail. He is charged with entering and robbing the Minor carter shop and the office of the Myers Clay Manufacturing company.

While on the stand and under a scorching cross-examination by Hon. F. B. Taylor, who represented the state, the prisoner became rattled. When asked if he was married, Howell said he could not say whether he had ever passed through that happy ordeal or not. "Well," continued Mr. Taylor, "did you ever have a license, and were you ever before a 'squire'?" "No, sir," replied Howell. "We never got a marriage license, but we did go over to Ironstone and talk to the 'squire.'"

"And did this girl ever say that she would love, honor and obey you?" asked Attorney Taylor.

"Yes, sir, many a time," answered Howell.

When Howell was taken from the

MAIDENHOOD

The Young Girl's Life Like a Flowing Brook.

ITS COURSE OBSTRUCTED BY MANY OBSTACLES.

Some Timely Suggestions Regarding a Serious Subject.

"Brooks makes rivers, rivers run to seas," sings the poet Dryden in his *Worship of Asclepius*, the first known physician. The poet little thought as he penned his verse a praise of the ancient practitioner, how aptly his beautiful line would apply to the life of a woman. The chattering brook as it flows to merge itself in the larger stream represents the careless, unthinking young girl. The wild and turbulent stream, sometimes flowing smoothly, then dashing over rocks and down into unbroken depths, at last becoming a mighty river, bearing ships upon its bosom, is the woman with her broadening and deepening possibilities.

But how many girls "Standing with reluctant feet Where the brook and river meet, Womanhood and childhood fleet," are at this time of their lives the objects of great solicitude to their parents. The young girl is sad, does not like company, has palpitation of the heart after slight exertion, dyspepsia, constipation, pains in the head and limbs and along the spine, and her face is pale with a greenish tinge. She is the victim of green sickness. This is a case in which the nervous system is impaired and the blood is impoverished. A good tonic is needed to bring her back to health and strength, and parents should be careful to choose the best remedy. Here is what Mrs. Josephine Townsend, 19 Clark Place, Jersey City, N. J., says:

"It is with pleasure that I write this testimonial in behalf of my daughter, Lillian, who was very sick. Our doctors said her blood had turned to sugar at the critical time of womanhood. She could not walk or stand, but had to lie in bed almost all day for five long months. Our doctor did all he could for her, but she got worse all along. I was anxious about her; in fact, all our family were almost crazy to think she would die so young.

"I had heard and read so much of Dr. Greene's Nervura blood and nerve remedy that I went and got a bottle. On the second day I saw an improvement in her condition. I was overjoyed and kept on and got another bottle, and when the second bottle was used she apparently came back to life.

"I can't express my heartfelt thanks for I am sure that Dr. Greene's Nervura saved her life. This was some three years ago and now she is well and strong. I say God bless Dr. Greene and his wonderful medicine, and I will praise it to all the world all the rest of my life for saving my daughter's life to me."

It is wonderful what benefit this young girl derived in so short a time from Dr. Greene's Nervura, the great blood and nerve remedy. If you have a daughter who is suffering in such a manner, can you doubt that this grand medicine is just what she needs? You can make no mistake in giving her this great blood and nerve remedy, for it is the discovery of a noted and experienced physician, Dr. Greene, of 101 Fifth Avenue, New York City. He not only positively promises a good effect from the medicine, but allows all who wish to consult him free of charge, either personally or by letter, so that in using his remedy you make him your physician and receive the benefit of his great skill free.

FORTS ARE IN RUINS

Japanese Shells Fiercely Destructive in Last Fight at Port Arthur.

TROOPS ARE MOVING FORWARD

Armies Concentrating Along Korean Frontier Where Desperate Battles Are Destined to Be Fought Before Long—No News from Warships.

Shanghai, March 17.—The Norwegian steamships *Brand*, *Argo* and *Zirsdal* left Port Arthur Sunday night and have arrived here. Before sailing the captains were taken before the port admiral and compelled to swear not to reveal what had occurred. Authentic particulars have been obtained from members of the crews.

During the last bombardment the *Argo* lay alongside the *Retvizan* in the harbor. A Japanese shell exploded on the deck of the *Retvizan*, killing 19. The greatest damage was in the new town, where the shells created havoc. Practically all the business buildings in Main street were demolished. Scarcely a residence was untouched.

The Japanese fire was marvelously accurate. The inhabitants were panic-stricken, many being sheltered in rude bomb-proofs. One shell exploded in a throng of spectators on a hill and killed 25. Three government clerks were killed while fleeing from the port admiral's office.

The highest fort at the entrance of the harbor was the worst damaged. There was one tremendous explosion, attributed to the blowing up of the magazine in the arsenal. A two-funneled cruiser, anchored near the *Retvizan*, probably the *Diana*, was hit at the water line and set afire. Eighty on board perished.

Russians Cross the Yalu River.
Yin Kow, March 17.—The only reliable reports at the present moment from the main Manchurian cities show a quiet movement along the railway, and such cities as Mukden, which are off the main line, are undisturbed. The people here are not in possession of definite news of outside events. The chief movement on the Feng Huang Cheng military road is the dispatch of riders to and from the Russian advance forces.

A creditable native has arrived here bringing a report as late as March 12 from Feng Huang Cheng that the main body of the concentrated forces had crossed the Yalu, leaving small bodies of troops at Antung and other points to guard the river. A fortnight ago a few spies visited Antung but since then no Japanese have been seen west of the Yalu.

The continued attacks of the Japanese have compelled the steady occupation of the Liao Tung peninsula.

THE RUSSIAN SOLDIER AS A FARMER.

The last bombardment of Port Arthur rendered every part of the fortress of Port Arthur unsafe. Residents assert that fragments of Japanese shells fell everywhere and that some railway coaches and buildings were destroyed, though most of the damage on shore was unimportant.

Foreigners choosing to remain in the interior must now sign an agreement restricting their movements and stipulating that a special pass is necessary when leaving their bounds.

Seoul, Korea, March 17.—The Korean superintendent of trade at Kyong-Hung on the Tumen river has received a note from the general in command at Vladivostok saying that since Korea has joined Japan, Russia considers Korea as belligerent and will act accordingly. Two thousand Korean troops now at Seoul will be sent to the north next week.

No Trace of Russian Fleet.

Tokio, March 17.—Tokio is unadvised regarding the naval plans and movements of the Russians and is in doubt whether the remnant of their fleet is still at Port Arthur or is en route to Vladivostok. A telegram has reached the navy department saying that seven Russian ships have been reported as passing Fort Lazareff. It is anticipated that the Japanese scouts will speedily determine the whereabouts and intentions of the Russians.

St. Petersburg, March 17.—Captain Iykov of the Manchurian commissariat service has been court-martialed and shot for acting as a spy in the pay of the Japanese. When arrested on suspicion of espionage documents found in Iykov's possession left no doubt of

the truth of the charges that he had long been revealing military secrets to the Japanese.

The Novosti prints an article by an expert to prove the feasibility of the Baltic fleet making the northern passage by way of the Behring strait to join the Pacific squadron in the spring.

The government is building some armored trains for use on the Manchurian railroad after the model of those used by the British in South Africa.

Washington, March 17.—United States Minister Allen has cabled the state department from Seoul that the Cincinnati arrived at Chemulpo with 23 Americans from Chianampo. The minister announced that the missionaries in the neighborhood of Ping Yang had refused to send their women and children aboard the Cincinnati, where they could be taken to a place of safety. This attitude of the missionaries is one familiar to the state department in connection with Oriental troubles. It has used every effort by counsel and advice and by extending the use of naval vessels to induce these zealous people to temporarily repair to some place of safety, but often in vain, as in this case.

Cannot Protect Missionaries.
The department has made it clear to the missionary representatives in this country that in the case of actual war it cannot undertake to employ the United States army and navy in expeditions into the interior of a country which is the scene of war. If the missionaries remain after a proper warning the United States government cannot remove them and they must take their chances with other civilians.

A Hospital Car To Be Equipped.
The Pennsylvania railroad has decided upon a new scheme which they will put into practice at once, first as a sort of an experiment, and if it proves all right the scheme will be adopted on all lines operated by that company. The idea is to equip what will be called a hospital car to be attached to a wreck train, and to be run to all wrecks the same as the big crane or any other part of the wreck train.

The idea is to get assistance to the injured as quickly as possible. The car will be equipped with everything necessary for the first aid to the injured, as well as cots or berths on which to place the injured. The idea is one which at first thought would seem to be an excellent one and the experiment of the Pennsylvania people in that direction will be watched very closely by other roads, and it is likely that others will adopt the plan if it proves feasible.

ACCEPT THE DECISION.
President Hill Says Securities Company Will Obey the Law.

New York, March 17.—Lawyers representing the various interests in the Northern Securities company were in conference with President Hill and other officials until late in the day. J. G. Johnson of Philadelphia, who argued the securities case before the United States supreme court, was reported to have been one of the conferees. The others included Francis Lynde Stetson, of counsel to J. P. Morgan & Co., and R. S. Lovett, representing the Harriman interests.

Later Mr. Hill said: "We are waiting for the order of court. Nothing can be done till we receive it. I would like to say, however, that there will be no attempt to evade the judgment of the court."

"We haven't any definite plan or plans under consideration. There has been altogether too much guesswork by outsiders. They have tried to make a mountain out of a mole hill, and there isn't even a mole hill."

DECISION DEFERRED.
Bryan's Right to Administer Bennett Estate Not Yet Settled.

New Haven, Conn., March 17.—After consultation with the attorneys in the Philo S. Bennett will case, Judge Cleveland of the probate court has deferred giving a decision on the application of William J. Bryan's removal as executor until the superior court passes on the main issues in the case.

It is expected that the decision in the superior court trial will practically cover the issue involved in the motion before the probate court. In the latter motion counsel for Mrs. Bennett and the residuary legatees asked for Mr. Bryan's removal on the ground that his personal interests were alleged to be in conflict with his duties as executor, and that as executor he proposed to waste the estate by appeals to the higher courts.

MAIL CARRIERS' PAY.
R. F. D. Employees Will Likely Be Given Their Money Monthly.

Washington, March 17.—Officials have had a conference on the question whether or not contractors on star routes, rural free delivery carriers and mail messengers may not be paid monthly instead of quarterly.

An investigation disclosed the fact that the vouchers of these employees passed through over 20 different hands before the employees receive their money. It is the idea of the officials that this matter could be greatly simplified. Assistant Secretary of the Treasury Taylor will appoint a commission to investigate and report with a view to making the payments monthly instead of quarterly.

CARNEGIE NOW MEMBER OF CIVIC FEDERATION.

New York, March 17.—Andrew Carnegie has consented to fill the vacancy in the executive committee of the National Civic Federation created by the death of the late Senator Hanna.

YOUNG MAN TAKES POISON.
Patrick Dean Kills Himself at Brilliant for No Known Cause.

Steuenville, March 17.—A suicide, for which no reason can be assigned, occurred at Brilliant Tuesday night when Patrick Dean, a well known young resident of Spaulding's addition to the town, drank carbolic acid, dying in less than 15 minutes.

Patrick Dean would have been 30 years of age today, having been born in County Mayo, Ireland, on St. Patrick's day, 1874. When but nine years of age he came to America with his parents, Owen and Bridget Dean, who located in Brilliant, where Patrick grew up. He worked at the old Spaulding mill when it run as a puffer, but of late has been a stone napper. Besides his parents, one sister, Mary, aged 16 years, survives. He was a young man of splendid physique and had fine health.

Fined For Blocking Street.
Alliance, March 17.—Henry Harkins, a Pennsylvania freight conductor, was fined \$5 and costs by Mayor Walker for having blockaded the Freedom avenue road crossing contrary to law. The records showed that the crossing was blocked for 23 minutes.

MYSTERIOUS MESSAGE LEFT BY A SUICIDE

Mrs. Wein Wrote "No One to Blame" and Went Out and Hanged Herself.

Wheeling, March 17.—"No one to blame." This message scribbled with a piece of charcoal on the bottom of a large box threw no light on the motive of Mrs. Charles Earley Wein, who hanged herself to a rafter in an unfinished addition to her residence near Triadelphia yesterday afternoon.

The woman attached a hitching strap and rope to a rafter and then kicked a chair from under her feet. She was suspended long enough to strangle, when her weight broke the rope. The body was found when the youngest of her children returned from school.

No Life, No Energy, No Ambition

These are common expressions nowadays and the cause is the same in all cases. It is the result of an unbalanced nervous system, a physical or mental, physical or sexual ruin, or a combination of the two.

That any one should allow this condition to go on to complete mental, physical or sexual ruin, is surely most regrettable. It is a positive cure when a cure is at hand in **BAR-BEN'S Nerve Food**—a medicine designed expressly for this condition, a medicine that has been in use for many years, strengthening the kidneys, and purifying and enriching the blood, and thus building up the very essentials of life—Nerve Force.

Use this grand remedy and the nervous, feeble, weak and trembling feelings will disappear. Your sleep will become strong and steady as steel; your ambition will be restored and perfect health and strength will take the place of weakness and debility. The feeling of chronic tiredness and weariness whom **BAR-BEN'S** has relieved from the helpless condition of long suffering tells the tale of this great remedy more effectively than words can portray.

If you doubt write for free sample. All druggists or mail on receipt of price, 50 cents.

MAIDENHOOD

The Young Girl's Life Like a Flowing Brook.

ITS COURSE OBSTRUCTED BY MANY OBSTACLES.

Some Timely Suggestions Regarding a Serious Subject.

"Brooks makes rivers, rivers run to seas," sings the poet Dryden in his *Worship of Asclepius*, the first known physician. The poet little thought as he penned his verse a praise of the ancient practitioner, how aptly his beautiful line would apply to the life of a woman. The chattering brook as it flows to merge itself in the larger stream represents the careless, unthinking young girl. The wild and turbulent stream, sometimes flowing smoothly, then dashing over rocks and down into unbroken depths, at last becoming a mighty river, bearing ships upon its bosom, is the woman with her broadening and deepening possibilities.

But how many girls "Standing with reluctant feet Where the brook and river meet, Womanhood and childhood fleet," are at this time of their lives the objects of great solicitude to their parents. The young girl is sad, does not like company, has palpitation of the heart after slight exertion, dyspepsia, constipation, pains in the head and limbs and along the spine, and her face is pale with a greenish tinge. She is the victim of green sickness. This is a case in which the nervous system is impaired and the blood is impoverished. A good tonic is needed to bring her back to health and strength, and parents should be careful to choose the best remedy. Here is what Mrs. Josephine Townsend, 19 Clark Place, Jersey City, N. J., says:

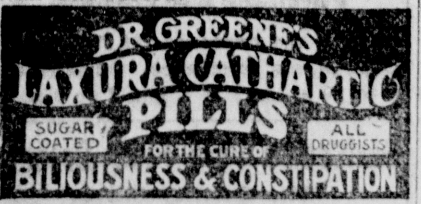

"It is with pleasure that I write this testimonial in behalf of my daughter, Lillian, who was very sick. Our doctors said her blood had turned to sugar at the critical time of womanhood. She could not walk or stand, but had to lie in bed almost all day for five long months. Our doctor did all he could for her, but she got worse all along. I was anxious about her; in fact, all our family were almost crazy to think she would die so young.

"I had heard and read so much of Dr. Greene's Nervura blood and nerve remedy that I went and got a bottle. On the second day I saw an improvement in her condition. I was overjoyed and kept on and got another bottle, and when the second bottle was used she apparently came back to life.

"I can't express my heartfelt thanks for I am sure that Dr. Greene's Nervura saved her life. This was some three years ago and now she is well and strong. I say God bless Dr. Greene and his wonderful medicine, and I will praise it to all the world all the rest of my life for saving my daughter's life to me."

It is wonderful what benefit this young girl derived in so short a time from Dr. Greene's Nervura, the great blood and nerve remedy. If you have a daughter who is suffering in such a manner, can you doubt that this grand medicine is just what she needs? You can make no mistake in giving her this great blood and nerve remedy, for it is the discovery of a noted and experienced physician, Dr. Greene, of 101 Fifth Avenue, New York City. He not only positively promises a good effect from the medicine, but allows all who wish to consult him free of charge, either personally or by letter, so that in using his remedy you make him your physician and receive the benefit of his great skill free.

Japanese Shells Fiercely Destructive in Last Fight at Port Arthur.

TROOPS ARE MOVING FORWARD

Armies Concentrating Along Korean Frontier Where Desperate Battles Are Destined to Be Fought Before Long—No News from Warships.

Shanghai, March 17.—The Norwegian steamships Brand, Argo and Zirstad left Port Arthur Sunday night and have arrived here. Before sailing the captains were taken before the port admiral and compelled to swear not to reveal what had occurred. Authentic particulars have been obtained from members of the crews.

During the last bombardment the Argo lay alongside the Retvizan in the harbor. A Japanese shell exploded on the deck of the Retvizan, killing 19. The greatest damage was in the new town, where the shells created havoc. Practically all the business buildings in Main street were demolished. Scarcely a residence was untouched.

The Japanese fire was marvellously accurate. The inhabitants were panic-stricken, many being sheltered in rude bomb-proofs. One shell exploded in a throng of spectators on a hill and killed 25. Three government clerks were killed while fleeing from the port admiral's office.

The highest fort at the entrance of the harbor was the worst damaged. There was one tremendous explosion, attributed to the blowing up of the magazine in the arsenal. A two-funnelled cruiser, anchored near the Retvizan, probably the Diana, was hit at the water line and set afire. Eighty on board perished.

Russians Cross the Yalu River.

Yin Kow, March 17.—The only reliable reports at the present moment from the main Manchurian cities show a quiet movement along the railway, and such cities as Mukden, which are off the main line, are undisturbed. The people here are not in possession of definite news of outside events. The chief movement on the Feng Huang Cheng military road is the dispatch of riders to and from the Russian advance forces.

A creditable native has arrived here bringing a report as late as March 12 from Feng Huang Cheng that the main body of the concentrated forces had crossed the Yalu, leaving small bodies of troops at Antung and other points to guard the river. A fortnight ago a few spies visited Antung but since then no Japanese have been seen west of the Yalu.

The continued attacks of the Japanese have compelled the steady occupation of the Liao Tung peninsula.

THE RUSSIAN SOLDIER AS A FARMER.

The last bombardment of Port Arthur rendered every part of the fortress of Port Arthur unsafe. Residents assert that fragments of Japanese shells fell everywhere and that some railway coaches and buildings were destroyed, though most of the damage on shore was unimportant.

Foreigners choosing to remain in the interior must now sign an agreement restricting their movements and stipulating that a special pass is necessary when leaving their bounds.

Seoul, Korea, March 17.—The Korean superintendent of trade at Kyong-Hung on the Tumen river has received a note from the general in command at Vladivostok saying that since Korea has joined Japan, Russia considers Korea as belligerent and will act accordingly. Two thousand Korean troops now at Seoul will be sent to the north next week.

No Trace of Russian Fleet.

Tokio, March 17.—Tokio is undecided regarding the naval plans and movements of the Russians and is in doubt whether the remnant of their fleet is still at Port Arthur or is en route to Vladivostok. A telegram has reached the navy department saying that seven Russian ships have been reported as passing Fort Lazareff. It is anticipated that the Japanese scouts will speedily determine the whereabouts and intentions of the Russians.

St. Petersburg, March 17.—Captain Ilykov of the Manchurian commissariat service has been court-martialed and shot for acting as a spy in the pay of the Japanese. When arrested on suspicion of espionage documents found in Ilykov's possession left no doubt of

the truth of the charges that he had long been revealing military secrets to the Japanese.

The Novosti prints an article by an expert to prove the feasibility of the Baltic fleet making the northern passage by way of the Behring strait to join the Pacific squadron in the spring.

The government is building some armored trains for use on the Manchurian railroad after the model of those used by the British in South Africa.

Washington, March 17.—United States Minister Allen has cabled the state department from Seoul that the Cincinnati arrived at Chemulpo with 23 Americans from Chinnampo. The minister announced that the missionaries in the neighborhood of Ping Yang had refused to send their women and children aboard the Cincinnati, where they could be taken to a place of safety. This attitude of the missionaries is one familiar to the state department in connection with Oriental troubles. It has used every effort by counsel and advice and by extending the use of naval vessels to induce these zealous people to temporarily repair to some place of safety, but often in vain, as in this case.

Cannot Protect Missionaries. The department has made it clear to the missionary representatives in this country that in the case of actual war it cannot undertake to employ the United States army and navy in expeditions into the interior of a country which is the scene of war, if the missionaries remain after a proper warning the United States government cannot remove them and they must take their chances with other civilians.

London, March 17.—No further news of the progress of hostilities in the Far East has been received here. There is much interest manifested in the report that the Russian main advance is crossing the Yalu, but this is not yet confirmed, and according to the Daily Chronicle's Ping Yang correspondent all the Russian troops have left North Korea, 20,000 of them being concentrated at Kullon-Cheng, north of the Yalu river in Manchuria.

The Daily Telegraph's Sebastopol correspondent says it is semi-officially announced that Russia has abandoned the idea of sending her Baltic squadron to the Far East by the way of Behring straits as impracticable. The Tokio correspondent of the Times cables that the latest reports say the Russians are occupying an area having a 40-mile base from Wiju to Chang Tong and extending south to the Pakehon river.

ACCEPT THE DECISION.

President Hill Says Securities Company Will Obey the Law.

New York, March 17.—Lawyers representing the various interests in the Northern Securities company were in conference with President Hill and other officials until late in the day. J. G. Johnson of Philadelphia, who argued the securities case before the United States supreme court, was reported to have been one of the conferees. The others included Francis Lynde Stetson, of counsel to J. P. Morgan & Co., and R. S. Lovett, representing the Harriman interests.

Later Mr. Hill said: "We are waiting for the order of court. Nothing can be done till we receive it. I would like to say, however, that there will be no attempt to evade the judgment of the court."

"We haven't any definite plan or plans under consideration. There has been altogether too much guesswork by outsiders. They have tried to make a mountain out of a mole hill, and there isn't even a mole hill."

DECISION DEFERRED.

Bryan's Right to Administer Bennett Estate Not Yet Settled.

New Haven, Conn., March 17.—After consultation with the attorneys in the Philo S. Bennett will case, Judge Cleveland of the probate court has deferred giving a decision on the application of William J. Bryan's removal as executor until the superior court passes on the main issues in the case.

It is expected that the decision in the superior court trial will practically cover the issue involved in the motion before the probate court. In the latter motion counsel for Mrs. Bennett and the residuary legatees asked for Mr. Bryan's removal on the ground that his personal interests were alleged to be in conflict with his duties as executor, and that as executor he proposed to waste the estate by appeals to the higher courts.

MAIL CARRIERS' PAY.

R. F. D. Employees Will Likely Be Given Their Money Monthly.

Washington, March 17.—Officials have had a conference on the question whether or not contractors on star routes, rural free delivery carriers and mail messengers may not be paid monthly instead of quarterly.

An investigation disclosed the fact that the vouchers of these employees pass through over 20 different hands before the employees receive their money. It is the idea of the officials that this matter could be greatly simplified. Assistant Secretary of the Treasury Taylor will appoint a commission to investigate and report with a view to making the payments monthly instead of quarterly.

CARNEGIE NOW MEMBER

OF CIVIC FEDERATION. New York, March 17.—Andrew Carnegie has consented to fill the vacancy in the executive committee of the National Civic Federation created by the death of the late Senator Hanna.

REALM OF SPORTS

Ball Teams Interested.

Amateur base ball nines are getting more energetic in the News Review outfit contest. Two more teams entered this week and are working, each with the firm determination of winning the suits and outfits offered by this paper. The Franklin Athletic club is ahead so far, but is closely followed by the College Street Grays.

SPORTING MISCELLANY.

Connie Mack thinks his Athletics are stronger than when they won the pennant.

Manager McGraw will carry eight pitchers until he knows where the Giants are at.

Clyde Robinson, the Wellsburg boy who last year played with the Washington American league team, has signed with Detroit.

A HOSPITAL CAR

TO BE EQUIPPED

Pennsylvania Railroad to Adopt a New Plan to Get Aid to Injured.

The Pennsylvania railroad has decided upon a new scheme which they will put into practice at once, first as a sort of an experiment, and if it proves all right the scheme will be adopted on all lines operated by that company. The idea is to equip what will be called a hospital car to be attached to a wreck train, and to be run to all wrecks the same as the big crane or any other part of the wreck train.

The idea is to get assistance to the injured as quickly as possible. The car will be equipped with everything necessary for the first aid to the injured, as well as cots or berths on which to place the injured. The idea is one which at first thought would seem to be an excellent one and the experiment of the Pennsylvania people in that direction will be watched very closely by other roads, and it is likely that others will adopt the plan if it proves feasible.

YOUNG MAN TAKES POISON

Patrick Dean Kills Himself at Brilliant for No Known Cause.

Steuenville, March 17.—A suicide, for which no reason can be assigned, occurred at Brilliant Tuesday night when Patrick Dean, a well known young resident of Spaulding's addition to the town, drank carbolic acid, dying in less than 15 minutes.

Patrick Dean would have been 30 years of age today, having been born in County Mayo, Ireland, on St. Patrick's day, 1874. When but nine years of age he came to America with his parents, Owen and Bridget Dean, who located in Brilliant, where Patrick grew up. He worked at the old Spaulding mill when it ran as a puddler, but of late has been a stone napper. Besides his parents, one sister, Mary, aged 16 years, survives. He was a young man of splendid physique and had fine health.

Fined For Blocking Street.

Alliance, March 17.—Henry Harkins, a Pennsylvania freight conductor, was fined \$5 and costs by Mayor Walker for having blockaded the Freedom avenue road crossing contrary to law. The records showed that the crossing was blocked for 23 minutes.

MYSTERIOUS MESSAGE LEFT BY A SUICIDE

Mrs. Wein Wrote "No One to Blame" and Went Out and Hanged Herself.

Wheeling, March 17.—"No one to blame." This message scribbled with a piece of charcoal on the bottom of a large box threw no light on the motive of Mrs. Charles Earley Wein, who hanged herself to a rafter in an unfinished addition to her residence near Triadelphia yesterday afternoon.

The woman attached a hitching strap and rope to a rafter and then kicked a chair from under her feet. She was suspended long enough to strangle, when her weight broke the rope. The body was found when the youngest of her children returned from school.

Probate Court News.

Lisbon, March 17.—(Special.)—Pauline M. Fawcett has qualified as executrix under the will of the late Eli Fawcett, of Perry township. No bond was required.

The late Sarah A. Shepherd, of East Liverpool, having left no will Alice P. George has been appointed administratrix of her estate under bond of \$5,000, Appraisers, Walter Supplee, William Kent and Kelsey Bennett.

John J. Henderson, deceased, of Wellsville, left no will and William A. O'Grady has been appointed administrator under bond of \$100. No appraisal required.

Samuel Hillard has filed an application for the appointment of a guardian for Lawrence Hillard, of Salem, who is alleged to be an imbecile. The application is set for hearing next Monday at 1 o'clock.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Arrested Again.—Tim Strain was locked up again last night. He was drunk and had been fighting.

Found Helpless.—William (Biddie) Blakely was arrested again last night for being drunk. He was found in a helpless condition by Officer Woods. It is likely that Blakely will remain in jail for a week or so.

To Be Taken to Fairmount.—Mrs. Minnie Proctor, whose husband deserted her some time ago, has appealed to the township trustees to send her 16-month-old child to the Fairmount home. The request will be granted. She has found the task of maintaining herself and the child very difficult, though she is very reluctant to part with the little one.

Three Assault Cases.—Three assault and battery cases were heard in the council chamber before Mayor Weaver today. The defendants were Stella Mears, John Short and Willis Craig. The cases emanated from a fight that occurred at the saloon of Stella last Saturday. A host of witnesses were examined by Attorney Lones for the defendants and Attorney Davidson for the plaintiffs. The mayor had rendered no decisions at 3 o'clock this afternoon.

The meeting was held in the lecture room at 2:30. Mrs. J. W. Gipner had charge of the opening exercises. Reports were read, showing the various departments of the organization to be flourishing. The hospital donation will be raised by pledges.

SALINEVILLE MINERS DON'T WANT TO STRIKE

By a Large Majority They Vote to Accept the Proposed Reduction.

Salineville, March 17.—(Special).—The miners in Salineville district have voted on the question of accepting the reduction and signing the scale for the two years succeeding April 1, 1904.

Each local organization had an election committee who conducted the voting. A ballot had been prepared and two questions were printed on the ballot—for and against striking.

Three hundred and sixty-two votes were cast at all the voting places, 286 favored signing the scale for two years at a reduction of 5.55 per cent reduction over the scale now in effect in the competitive district.

The full vote was not out, as there were some miners who did not go near the voting places. Some lively discussions took place as to the questions involved, but calm judgment carried the day, and the miners thought best to accept the advice of the leaders of the union and take the reduction.

SOCIAL EVENTS

Belmont Theatre Party.

The Belmont club members and their lady friends attended a theatre party, the play being "Polly Primrose," which was given last evening in the Grand opera house. The young ladies and gentlemen were gayly attired in evening costume and the event was one of the fashionable functions of the season. At 8:15 there were about 30 couples in the party and all enjoyed the play greatly and especially the cunning design and wit of "Little Polly." A feature of the theatre party was that each member of the Belmont club and their ladies were given dainty programs, designed for the occasion. On them the popular Belmont colors, red and black, were tied in a pretty bow and a piece of poetry, appropriate for the event, was appended. Immediately after the play the entire party went to the Belmont rooms, where a luncheon was served and dancing was the diversion, amid the merry making of the young people. It was not until a late hour that the crowd dispersed.

An Easter Cantata.

"The Resurrection" is the title of a cantata which has been selected by Prof. Laughlin and will be given on Easter night by the choir of the First Presbyterian church. The selection is described as a "short cantata for Easter," and was arranged by Charles Fonteyn Manney. It consists of recitatives, solos and choruses and is very beautiful. The choir of this church rendered a cantata last Easter, and it was so well received that the rendition was repeated several times by special request. The music selected for this occasion is much finer and will require more time in preparation. Prof. Laughlin and the choir will be very busy from now on in perfecting the piece.

Entertained Friends.

Mr. and Mrs. Percy Frost, of Seventh street, entertained a few of their immediate friends last evening with a 6 o'clock dinner. Cards and music were the diversions and the affair was greatly enjoyed.

\$100,000 A YEAR WITHOUT WORK

Asset of Senator Hanna's Estate Result of Lease on Iron Mine.

Iron Mountain, Mich., March 17.—An asset of the late Senator Hanna which was not mentioned in the schedule of his estate and is not generally known is a commission of 10 cents a ton on all the ore produced by the big Chapin mine here, amounting to \$100,000 yearly, and paid to the firm of M. A. Hanna & Co.

The Hanna company has no connection with the mine and does not handle its output, the commission being the compensation for surrendering a lease held by Hanna & Co. when the mine was sold to the National Steel company four years ago. The mine has passed to the steel trust since then, but the commission will remain in force for 10 years more.

THE BIGGEST SEWER IN THIS VICINITY

A Great Piece of Work at Rock Springs Park For the Artificial Lake.

The mammoth big sewer which will play a prominent part in fitting out the artificial lake being built at Rock Springs was completed this week, and the center was taken out this morning.

The sewer is one of the largest and most perfect from a mechanical standpoint ever constructed in this part of the country. Contractor Ed. Cook has been at work upon it for weeks, and deserves great credit for the successful outcome. The waterway starts at a point far up the hollow above the lake for the lake. For 500 feet the sewer is open and this portion has not yet been started.

At a point where the lake proper starts just opposite the island, the arch sewer, six feet high and five feet across, was started, and has been completed for a distance of 700 feet almost directly north. The arch sewer ends at the south wall of the theatre building, and from there north the waterway is open and is 90 feet in length. The open sewer is five feet high and seven feet across, and will hold the heaviest body of water that could possibly be turned into it.

When the sewer was started Contractor Cook excavated a good wide foundation, and under the brick work for the entire length of the sewer is a concrete foundation 17 inches thick and three feet wide. During the storm last week some apprehension was felt for the safety of the new work, but it withstood the strain without moving a brick.

The work at the lake is progressing rapidly, considering the weather, and Foreman James Flood has the task well in hand. It has been the aim of those having the work done to make everything absolutely safe, and this rule will be observed until the very end.

GAME WILL BE PLAYED

Manager Bill Watson Says Pottery Youngsters Will Toe the Scratch.

It is understood the basket ball team representing the Taylor, Smith & Taylor pottery, were greatly surprised and disappointed when Manager Bill Watson, of the street railway team, so promptly accepted the challenge, which he still insists was a gigantic bluff on the part of the pottery boys.

Manager Watson was seen by the News Review's Southside sporting editor this morning and had the following to say:

"We have about completed arrangements with the young fellows from the pottery for a game on Friday night of next week at Rock Springs pavilion. All of the preliminaries have not yet been arranged, due, I am sorry to tell you, from the fact that the youngsters never intended to play in the first place, but we made them toe the scratch. The officials will be selected this evening and other minor matters talked over. I did not intend to go into the game myself, but since I learned that a large number of professionals and other enthusiasts will be present at the game, I have concluded to go in and give a correct imitation of how the game should be played."

FIFTEEN ROOSTERS

Part of a Poultry Consignment Which Puts the Laugh on James Mays.

James Mays, the well known Chester street car man, was the victim of an unfortunate blunder yesterday. Mr. Mays is a chicken fancier, and after perusing every poultry journal to be had and consulting with the best authorities in the business he resolved upon his course in the matter of selecting a brood.

A few days ago Mr. Mays completed his inquiry, and assuring himself that his coops were in perfect condition, concluded he was ready to place the order for his blooded stock. He ordered 15 hens and two roosters from a firm in Michigan. The breed was black Minorcas, and he spent the intervening time until the consignment arrived in telling his neighbors and friends how small they would look with their common stock. The chickens arrived this morning and instead of what he had actually ordered it was discovered that he had 15 roosters and two hens. There is no explanation for the error and Mr. Mays is making no effort to clear up the mystery.

HOME AFFAIRS

Brief Notes of a Personal Nature
And of Matters About
Town.

Arrested Again—Tim Strain was locked up again last night. He was drunk and had been fighting.

Found Helpless—William (Biddle) Blakely was arrested again last night for being drunk. He was found in a helpless condition by Officer Woods. It is likely that Blakely will remain in jail for a week or so.

To Be Taken to Fairmount—Mrs. Minnie Proctor, whose husband deserted her some time ago, has appealed to the township trustees to send her 16-month-old child to the Fairmount home. The request will be granted. She has found the task of maintaining herself and the child very difficult, though she is very reluctant to part with the little one.

Three Assault Cases—Three assault and battery cases were heard in the council chamber before Mayor Weaver today. The defendants were Stella Mears, John Short and Willis Craig. The cases emanated from a fight that occurred at the saloon of Stella last Saturday. A host of witnesses were examined by Attorney Lones for the defendants and Attorney Davidson for the plaintiffs. The mayor had rendered no decisions at 3 o'clock this afternoon.

DONATION OF \$50 TO THE HOSPITAL

Presbyterian Woman's Missionary Society Resolves Upon a Nice Gift.

The Women's Missionary society of the First Presbyterian church voted yesterday to donate \$50 to the hospital. It also elected officers as follows:

President—Mrs. C. H. Blazer.

First Vice President—Mrs. W. N. Bailey.

Second Vice President—Mrs. Jackson Boyce.

Third Vice President—Mrs. John Hall.

Recording Secretary—Mrs. J. R. Warner.

Corresponding Secretary—Mrs. Ira Bells.

Secretary of Literature—Mrs. R. B. Watson.

Treasurer—Mrs. J. W. Gipner.

Treasurer of Flower Fund—Mrs. W. E. Wells.

The meeting was held in the lecture room at 2:30. Mrs. J. W. Gipner had charge of the opening exercises. Reports were read, showing the various departments of the organization to be flourishing. The hospital donation will be raised by pledges.

Salineville Miners

DON'T WANT TO STRIKE

By a Large Majority They Vote to Accept the Proposed Reduction.

Salineville, March 17.—(Special).—The miners in Salineville district have voted on the question of accepting the reduction and signing the scale for the two years succeeding April 1, 1904.

Each local organization had an election committee who conducted the voting. A ballot had been prepared and but two questions were printed on the ballot—for and against striking.

Three hundred and sixty-two votes were cast at all the voting places, 286 favored signing the scale for two years at a reduction of 5.55 per cent reduction over the scale now in effect in the competitive district.

The full vote was not out, as there were some miners who did not go near the voting places. Some lively discussions took place as to the questions involved, but calm judgment carried the day, and the miners thought best to accept the advice of the leaders of the union and take the reduction.

Motions And Demurrers.

Lisbon, March 17.—(Special).—In common pleas court next Tuesday afternoon Judge Hole will give his attention to the hearing of motions and demurrers.

Licensed to Marry.

White India Linons priced at 8c, 10c, 12½c, 15c, 18c, 20c, 25c and 35c per yd.

White Persian Lawns 32 inches wide, 25c, 35c, 40c and 50c per yard.

White French Lawns 50 inches wide 50c, 75c, \$1 and \$1.25 a yard.

Silk Persian Lawns 32 inches wide 40c and 50c per yard.

White French Chiffon 60 inches wide, 75c per yard.

White Chiffon Cloth 46 inches wide, \$1, \$1.25 and \$1.50 per yard.

Plain White Swiss 50 inches wide, 35c and 50c per yard.

Will be pleased to show you the line if interested. Many new things received this week in **Silks, Wool Dress Goods and Wash Dress Goods.** It will cost you nothing to look at them.

OUR WISH

is that we may do your prescription work. You are at liberty to bring us any prescription, written by any physician, on any druggist's blank. Our charges are always fair and reasonable. Never excessive. We stand for quality, first, last and always. Just telephone 331, either 'phone, and we will call for your prescription and deliver at to you without extra cost.

Tooth Trouble

Is our delight, we want to examine your teeth. We'll tell you what's the matter with them. If there is a defect that can be remedied, we'll fix it. You can have tooth comfort and better health by having your teeth attended to at once.

A GOOD SET OF TEETH

Is Beyond Price But You Can Have them at Small Expense

If your natural teeth can be saved, we'll do it, and make them last a long time—but if they are too far gone we'll replace them with artificial teeth that will last the rest of your life. Have your teeth examined today
